JOB OPPORTUNITIES

Interested in a Career in the Sports Industry...?

A new initiative between TAFE NSW and the South Sydney Rabbitohs is open to **school leavers ONLY**, who are interested in the Sports Industry.

The name of the program is The Rabbitohs Institute of Sports Management, delivered by TAFE NSW and an Information Session/first Open Day is schedule for **next Thursday 8 August** on Game Day – Rabbitohs vs Storm.

The Register for Information Session and Register your Interest is available in the link <https://rabbitohsinstitute.com.au>

Some course details include:

- Dual Diploma - Leadership & Management and Sport, Aquatic and Recreation Management
- Duration is 11 months
- Delivered onsite at Rabbitohs HQ
- Access to Rabbitohs staff and players
- Work Integrated learning
- 2x Days face to face and 1x day online

For any enquiries, please email study@rabbitohs.com.au

See the next page for more information...

This program is ideal for sports enthusiasts, offering students access to top-tier high-performance facilities and leading industry experts in sports and business.

Study a dual diploma in a sports-focused setting. Theoretical learning and assessment is delivered by TAFE NSW industry experienced teachers; combined with the opportunity for practical experience supported by South Sydney Rabbitohs staff and players.

Key components that will enhance the student experience and distinguish this program from other sports programs include:

Pathways into a variety of under-graduate programs at university

By completing the BSB50420 - Diploma of Leadership and Management SIS50122 - Diploma of Sport, Aquatics and Recreation Management as part of the South Sydney Rabbitohs and TAFE NSW partnership, students will have access to a nationally recognised suite of diploma-to-degree pathways.

Hands-on learning across an elite sporting organisation

Students' theoretical learning will be supported by 100 hours of work-integrated learning that will be provided across various departments at the club.

Study at the world-class USANA Rabbitohs Centre, rubbing shoulders with players and staff

The program will be hosted at the brand new state-of-the-art USANA Rabbitohs Centre in Maroubra, home of the South Sydney Rabbitohs. Parts of the program content will also be delivered online to support flexible student learning.

Potential to be considered for one of two graduate roles at the South Sydney Rabbitohs

The Rabbitohs commit to hiring a minimum of two students from each completed cohort into graduate roles across various departments in the organisation. Additionally, students who complete their 100 hours of work-integrated learning may also be considered for casual work throughout the course.

Mature-age/no longer in school

High school career advisors

PAID to study a Certificate III in Brick and Blocklaying

Working across Central Coast and Newcastle

White Card is essential

Looking to start your career as a Bricklayer?

As a 1st year Bricklaying Apprentice you will have the exciting opportunity to work alongside experienced professionals in the industry learning the skills of the trade.

ABOUT CCGT:

For over 40 years, CCGT has been the leading employer of Apprentices and Trainees on the Coast.

Throughout your apprenticeship, you will be employed by CCGT and will work day-to-day with our host employer in order to receive your on-the-job training in the industry.

ABOUT THE HOST EMPLOYER:

Our Host Employer, rocking the bricklaying scene for 5 years, has a small, tight-knit team that's all about dedication, reliability, and honesty. They're on the hunt for a hardworking apprentice with a can-do attitude to join the action!

DESIRED QUALITIES:

Current driver's license & own vehicle

Hold a current WHS white card

Strong work ethic and a willingness to learn

Excellent teamwork and communication skills

The ability to perform manual labor in various weather conditions

KEY ROLES AND RESPONSIBILITIES:

Help experienced bricklayers with various bricklaying tasks

Keep tools, equipment, and the worksite clean and organised

Learn to use hand and power tools

Move and arrange bricks to keep the work flowing smoothly

Follow safety rules and guidelines on construction sites

Learn how to properly cut and shape bricks

Work together with the team to finish projects efficiently

Work for this role is Central coast and Newcastle based!

Working Monday to Friday, 7.00 am to 3.00 pm, with the potential for over-time and weekend work.

As part of this Apprenticeship, you will be PAID to study a Certificate III in Brick & Blocklaying through OFF the Job Training over a period of 48 months at TAFE NSW - Tighes Hill Campus.

For more information about this position, please contact Central Coast Group Training.

PAID to study a Certificate III in Early Childhood Education and Care

Position located in East Gosford

Gain hands-on training and industry experience

ABOUT CCGT:

Throughout your traineeship, you'll be employed by CCGT. You'll work daily with our host employer to get hands-on training and experience in the industry.

Join Our Host Employer as a Childcare Trainee!

Our host employer is a small, close-knit childcare centre that stands out from others with its cozy, welcoming atmosphere and 40 years of experience. You'll quickly feel like part of the family, working in an environment that values open, honest communication, collaboration, and celebrating diversity.

This centre focuses on building one-on-one relationships, offering personalised care to each child. It's the perfect place to start and grow your career in childcare, making a real impact on

families' lives. You'll be part of a community that values each child's unique journey, fostering a love for learning through engaging play and meaningful interactions.

If you're passionate about childcare and looking for a place where you can truly make a difference, this is the opportunity for you!

DESIRED QUALITIES:

Working With Children Check (WWCC) *Mandatory

National Police Check *Mandatory

First Aid Certificate

Passionate & caring

Excellent communicator

Embraces diversity and is culturally respectful

Family-orientated

Adaptable & flexible

ROLES AND RESPONSIBILITIES:

Implement various aspects of the Early Years Learning Framework.

Undertake theoretical and practical components of the traineeship.

Manage the usual day-to-day routine of children, both in group and individual settings.

The ability to work on a rotating roster.

Form relationships and bonds with children to support their development.

Encourage 'permission to play' to allow children to explore and adventure within a compliant environment.

Maintain a safe and nurturing environment for all children.

Support the development and implementation of educational programs.

Engage with children in activities that promote physical, emotional, and intellectual growth.

Assist in documenting and observing children's progress.

Communicate effectively with parents and guardians about children's development and daily activities.

Collaborate with other staff members to ensure a cohesive and supportive learning environment.

This role is 38 hours per week and rosters will vary depending on shift allocation, with the earliest start time being 7:30 am and the finishing time at 5:00 pm.

As part of this Traineeship, you will be PAID to study a Certificate III in Early Childhood Education and Care through ON the Job Training at ECTARC (Early Childhood Training and Professional Development) over a period of 18 months.

For more information about this position, please contact Central Coast Group Training.

GENERAL NEWS

The following news items are sourced from Job Jump

UAC

Curious about a campus? - UAC Maptivate

UAC Maptivate, now available on our website, is an interactive map that enables you to traverse the continent and zero in on each of UAC's participating and apply direct institutions' campuses. If you're thinking of moving from home to study – or even if you're staying local – this tool can help you start your higher education journey in the right place.

Maptivate allows you to explore the location and surroundings of campuses in your area and further afield. The map has two layers that you can turn on or off to show UAC's participating institutions or apply direct institutions. You can also choose to show or hide institutions in different states and switch between map and table format.

<https://www.uac.edu.au/maptivate/>

How thousands of students are overcoming challenges and gaining entry to uni

Not everyone gets an equal shot at their Year 11 and 12 studies. Life throws in some pretty serious challenges along the way, like chronic illness or ongoing financial stress.

If you are navigating health issues, a family break-up or other challenges that affect your education, the Educational Access Scheme (EAS) can help you get to uni by increasing your selection rank and making you more competitive for an offer.

An EAS application is automatically generated for UAC undergraduate applicants who live in identified low socio-economic areas.

<https://www.uac.edu.au/media-centre/news/submit-your-eas-application>

University - Institutes

Reminder - UOW Early Entry Closes Soon

Closes 9 August

UOW Early Admission is our early entry offer program for students completing Year 12 (Higher School Certificate or other Australian equivalents) during 2023. When you apply for Early Admission, UOW considers your unique skills and experiences, alongside your Year 11 results, so you can earn an offer to uni before you sit your first exam.

Getting early entry to UOW means less stress for you at that time and provides you with the certainty that next year you'll be studying at a uni who knows you're more than your ATAR.

<https://www.uow.edu.au/early-admission/>

University of Wollongong - Cyber Academy

The first-of-its-kind, the Cyber Academy is an inclusive program combining nationally recognised qualifications with paid, on-the-job training. Develop a career in the fast-growing cyber security sector and meet the needs of a changing technological landscape.

You will fast-track your career in cyber security by completing a three-year professional apprenticeship program that offers:

- Industry experience. Work at Deloitte, an industry partner or a government department.
- Paid employment while you study.
- Ongoing coaching and mentoring
- Access to Deloitte's graduate program and bootcamps.

- Upon completion, you will have earned two qualifications: ICT50220 Diploma of Information Technology (Cyber Security) from TAFE NSW and a Bachelor of Computer Science (Cyber Security) from UOW.

<https://www.uow.edu.au/study/cyber-academy/>

EmpowerHER STEM Summit

Applications Now Open - Summit Runs 1-2 Oct

The University of Wollongong is thrilled to announce the return of the EmpowerHER STEM Summit in 2024. This hands-on, two-day event, taking place during the Spring school holidays, is exclusively designed for fierce female students in Years 7, 8 & 9.

Brace yourself for an exciting experience as we raise the STEM-bar for girls and ignite their passion for Science, Technology, Engineering, and Maths (STEM)!

Students will journey through UOW's vibrant Wollongong Campus, the awe-inspiring Innovation Campus, and mind blowing Bluescope site. Accompanied by faculty, current students, and industry professionals, this event promises an enriching, yet collaborative experience.

Macquarie University Course Updates

Please find some important course updates with links to see more information below.

- The Bachelor of Criminology is a new course to be offered from Session 1, 2025.
- The Bachelor of Science has been refreshed including the addition of a major in Marine Science, as well as updates to the Biotechnology and Statistical Data Science majors.

- The Bachelor of Social Science has been renamed the Bachelor of Social Sciences and is designed to build skills across all areas of social sciences through core units.
- The **Bachelor of Cognitive and Brain Science will no longer be offered** from Session 2, 2024. It is recommended students consider the Bachelor of Psychology or the Bachelor of Medical Sciences with the major in Neuroscience. Those students interested in further research can also consider the Master of Research following their undergraduate study.
- Students can now **undertake a second major** from another faculty within certain degrees as part of the flexible zone. The available majors are listed within the course structure page.

Macquarie University New Bachelor of Education

Our teacher education has been reimagined and we are pioneering an innovative suite of new education degrees that is set to reshape teacher education in Australia. Our new suite of education degrees commence in Session 1, 2025 and replace a number of existing degrees:

- The Bachelor of Education (Primary) and Bachelor of Arts and the Bachelor of Education (Primary) and Bachelor of Psychology will both now be replaced with the Bachelor of Education (Primary)
- The Bachelor of Arts and Bachelor of Education (Secondary); the Bachelor of Commerce and Bachelor of Education (Secondary); and the Bachelor of Science and Bachelor of Education (Secondary) will now be replaced with the Bachelor of Education (Secondary)
- The Bachelor of Teaching (Early Childhood Education) and Bachelor of Arts and Bachelor of Education (Primary) majoring in Early Childhood Education will be replaced with the Bachelor of Education (Early Childhood and Primary)
- The Bachelor of Teaching (Early Childhood Education) will be replaced with the Bachelor of Education (Early Childhood)

2025 Elevate Scholarships - Women in STEM

Applications Now Open

ATSE's Elevate: Boosting women in STEM program will award up to 500 undergraduate and postgraduate scholarships to women and non-binary people in STEM. Elevate aims to address gender inequities in STEM through fostering more women and non-binary led industry-academia collaborations in applied research and business, growing professional skills of women in STEM and propelling women and non-binary people into leadership.

The Elevate program provides:

- A scholarship
- Access to events and networking
- Mentoring
- Wellbeing support during scholars' university studies

Elevate scholarships are awarded across three categories – Undergraduate, Postgraduate Research and Leadership. The program is funded by the Department of Industry, Science and Resources and the Department of Defence. A network of partner organisations from across industry and academia support program delivery.

BlueScope Cadetships 2025

Applications Close 18 August

Come and discover the opportunity to work at our Port Kembla Steelworks as a Chemistry or Engineering Cadet! Each year, our manufacturing business in NSW offers amazing opportunities for highly motivated students to join the team in chemistry and electrical, materials, mechanical, and computer engineering.

With a combination of part-time study and work, you'll be provided one day per week to attend university classes. Cadetships enable you to rotate through various departments, so that you gain exposure to a range of areas and projects across the business relating to your degree. To learn more about what it's like to be a cadet, view our FAQ document and find further links and content below.

As a Chemistry Cadet, you'll apply scientific principles to develop smarter solutions, measure the product durability and performance and conduct environmental analysis.

As an Electrical Cadet, you'll have the opportunity to work with electrical and automation technologies and processes across the entire plant, all of which play a critical role in steel manufacturing.

As a Computer Engineering Cadet, you'll have the opportunity to help drive the improvement of the

digital manufacturing systems to enhance efficiency, reliability, and productivity of these systems and their assets.

As a Materials Cadet, you'll study the amazing structure and properties of materials and their economic application, along with improving your understanding of relevant fields such as physics, chemistry and mathematics.

As a Mechanical Cadet, you'll rotate through various departments along the process from smelting the ore, conversion to liquid iron and steel and then forming the raw steel into a finished product.

Dubbo Zoo Meet a Keeper

4th September

6th November

Meet a Keeper is for school students aged 14 years and over who have expressed a keen interest in pursuing a career at the Zoo or in the captive animal care industry. This one day intensive program will allow students to find out all they want to know about a zoo keeping career and experience first-hand a day in the life of a keeper.

Virtual Lessons At the Zoo

Our Taronga Education team are bringing the Zoo to you (virtually!) to provide engaging and educational material for students.

Taronga Education TV is a short virtual Zoo lesson released once a week for FREE to take your students on a journey through the Zoo.

Or, you can book a private, curriculum-linked virtual Zoo lesson and experience a Taronga excursion workshop from the comfort of your classroom or from anywhere!

Stage 4, 5 Stage 6 - Animal Encounter

Stage 4 Science, Mandatory Technology, and Stage 4 Science, Design & Technology - Enclosure Design

Stage 4 Science - Classification and Adaptations

Stage 5 Geography - Environmental Change and Management

Stage 6 Biology - Biological Diversity

Stage 6 Biology - Heredity and Genetic Change

Stage 6 Business Studies - It's Zoo Business

Youth at the Zoo

November Intake – Express Your Interest

The program is open to teens aged 13 – 19 years old. Members will have the opportunity to take part in a range of training programs, volunteer their time with our Guest Services team or at Special Events, take part in campaigns, interact with Zoo guests, attend Social Nights and so much more.

As our YATZ get older they can even put up their hand for additional responsibilities like training for our overnight programs, or becoming a Leader or Mentor for younger YATZ.

Members will develop important skills in communication, both in person and via email as they manage their availability with the YATZ Coordinator via our online Volunteer Management System called Volgistics.

The Simpson Prize

Submissions Close 8 November

The Simpson Prize is a national competition for Year 9 and 10 students which focuses on the service of Australians in World War One and World War Two.

The 16 winners and runners-up, two from each state and territory, travel to Canberra to participate in a 3-day study program in early 2025. The results of the 2025 Simpson Prize will be available on this website at the conclusion of the Canberra Study Program in March. The 8 winners will travel to an overseas destination for an extensive commemorative study tour culminating in Anzac Day ceremonies at that location.

Young Scientist Awards

Submissions Close 2 September

The Young Scientist Awards Program celebrates the scientific investigations and technological innovation of K-12 school students across in NSW. Since 1992, the Program has been encouraging students to undertake innovative projects and investigations to find creative solutions to real-world problems. The Program aims to encourage and celebrate excellence in STEM through inquiry-based learning.

Mathematics in Surveying Excursions

16 August, 1 November

Bookings for the Maths in Surveying STEM excursions for Yr10 (5.3) high school students at Bicentennial Park, are open. The student maths-teachers help small groups of Yr10 (5.3) students engage in activities that explore practical applications of mathematics, providing realistic connections

of theory to real-life situations. The mathematics involved includes compass bearings and other survey measurements, estimation and accuracy, trigonometry (including sine and cosine rules), elementary circle geometry and some simple CAD. They will have opportunities to use modern technologies and applications throughout the day.

Become a Surveyor

We know how important it is to find a career you will love. Being a surveyor isn't just a career, its a profession that is critical to the ongoing development of Australia, and Australia needs you right now! That is why we have work experience options that allow you to experience the diversity surveying offers. We will help you lay a foundation for a dream future. Your love for technology, science, geography, maths and working outdoors should take you to places other than an office cubicle. You have the entire world to explore. Becoming an engineer, doctor, lawyer, or accountant shouldn't be the only career option you consider.

Exchange WEP – Choose a Country

Do you want to experience a white Christmas? Are you dying to try snails and frogs legs in France? Is an American Thanksgiving dinner more your style?

Options abound when it comes to where you can go on exchange. As country destinations available for Australian students are changing constantly, it is always advisable to check with us to see what new countries have been added, or what conditions may have forced the removal of a destination. WEP guarantees country of choice!

Many of WEP's programs include weekends away excursions, mini-tours, group orientations and day trips. Browse through our country pages to find out what each destination has on offer. Click on the link for a full list of included program extras!

AIFS Au Pair Life

You will spend 12 months living in the USA with a carefully selected host family. You will receive a weekly stipend, private bedroom, all meals and a study allowance towards taking classes. The minimum weekly stipend is calculated by the U.S. Department of State after accounting for costs associated with weekly room and board. Host families and au pairs are free to agree to compensation higher than the legally applicable minimum.

You will provide up to 45 hours of childcare per week for your host family. Duties may involve a range of general child-related tasks such as feeding and bathing babies, planning fun activities, homework help or driving to appointments. You'll only be placed with a host family whose needs match your childcare experience.

Building the cyber security workforce

Cyber security is now one of the most rapidly growing industries globally. The threat posed by the perpetrators of malicious cyber activities has spurred governments, the private sector and the research community to invest in cyber security products and services to the tune of around US\$250 billion by 2026.

Digging Up the Neighbourhood Walking Tour

14 August

Starting at Susannah Place, this walking tour explores some of the fascinating archaeological sites in The Rocks and Millers Point, including a rare opportunity to view the Parbury Ruins.

Unearthed during the construction of an apartment block and now preserved below ground, the Parbury Ruins feature the extensive remains of an 1820s cottage once owned by ex-convicts.
