UNSW Engineering - Flexible First Year

Stand out with career-ready skills and hands on experience. From day one, you'll test your skills as an engineer in the classroom and beyond through hands-on practical experience.

We know our students want to explore, test things out and create a degree that meets their unique career aspirations. That's why in addition to over 20 undergraduate degree specialisations we offer a Flexible First Year. A Flexible First Year enables you to explore core common subjects plus a wide range of electives, so you can specialise in the area that's right for you.

Get employers' attention with a degree from a university that is recognised world-wide. We're ranked #1 in Australia for engineering.

If you bring the desire to make new and exciting discoveries, we'll help you turn it into something big <https://www.unsw.edu.au/engineering/study-with-us/study-areas/flexible-engineering>

CQ University Principals Recommendation Scheme

Closes 2 December

Our Principal's Recommendation Scheme (PRS) provides an early entry pathway for Year 12 students to apply to an undergraduate CQU course based on their high school principal's recommendation rather than ATAR. Students can receive an offer within 48 hours of submitting their application - without waiting for their Year 12 results.

Open to all Year 12 students; the Scheme is designed to assist capable students to access entry to CQUniversity; it in no way provides relaxation of the quality and academic standards that students must meet to complete their degree successfully.

AIM School Holiday Workshop - Songwriting

4 October

Created for students in Years 9-12, AIM's new high school music workshops provide incredible opportunities to explore songwriting, mentored by AIM's own accomplished musicians and educators. This songwriting workshop is essential for any high school students curious about writing songs and performing and is a golden opportunity to work with incredibly accomplished songwriters. Join us these school holidays and discover the songwriter and performer you were born to become.

Over the course of the workshop, students will work with professional

Songwriter/Composer/Producers Dominic Cabusi & Bronte Maree O'Neill to expand their songwriting skills in a collaborative and inspiring environment. They will workshop harmony, melody, style, lyricism, basic arrangement and/or production and artistic performance. Under their guidance, they will use these new devices to write original music in collaboration with other students in the class to present a performance for family and friends.

Qantas Cabin Crew Recruitment Journey and FAQs

When positions are available, we advertise them on our Qantas Careers and LinkedIn pages. If you're interested in a rewarding and challenging career as a cabin crew member we encourage you to submit an application when positions become available at your preferred base.

You'll be asked to submit an up-to-date resume and answer a short questionnaire around the requirements of the role so please ensure you review the required skills, experience and requirements before submitting an application. From here, your resume and answers will be reviewed. If you're successful, we'll be in touch to advise you of next steps. In most instances, successful applicants will be required to attend one of our assessment days and we'll provide you with more information about what to expect and what to bring with you on the day.

For those candidates who are successful following our assessment day, we'll then require satisfactory references, background checks and a medical assessment and clearance
