## WEBINAR ABOUT MAKING CAREER CHOICES...

### **Making confident career choices at results time | Tuesday 3 December 6:00pm (AEDT)**

The end of the year can be an anxious time for senior secondary students as they take their final exams, wait for their results, and think about what the future holds. Some of you will celebrate, some will be disappointed, and many will feel uncertain about what it all means. Many of you will second-guess your decisions and wonder if you should change your plans and preferences.

Join us as myfuture's career development expert Dr Michael Healy shares some tips on how to make sense of your results and plan your next steps accordingly. He will talk about:

- How to make sense of what your results mean for you
- How to deal with second thoughts
- How to change your plans, if you really need to
- What kinds of options you have if you didn't achieve the results you hoped for
- Where to go for help if you need it.

These tips will help you to make good career decisions and approach the next chapter of your journey with confidence.

## JOB OPPORTUNITIES

### Trainee Early Childhood Educator

The role is a 'Trainee Early Childhood Educator'.

The successful Applicant will work fulltime, including RDOs. The centre hours are 8.30 until 4.30.

Time is allocated to complete TAFE work at preschool and our staff support the student. A (lovely) representative from the TAFE visits once per month.

The work is submitted online. The student has access to our laptop if required.

The position begins on Tuesday 14<sup>th</sup> of January 2025 and finishes in July 2026, having completed their Certificate 3 in Early Childhood Education and Care.

We would like to chat with interested students as soon as possible. We close on Friday 20<sup>th</sup> of December and would like to have the position filled by that time.

We would like a short cover letter and resume if possible.

We will then offer a tour of the centre and an interview.

Contact details are:

Kylie Wade (Centre Owner/Director)

## GENERAL NEWS

The following news items are sourced from Job Jump

### UAC

#### **UAC ATAR Estimator**

ATAR Compass estimates your ATAR using scaling statistics from the past five years (last refreshed Apr 2023). These statistics change from year to year. Your actual ATAR will depend on the scaling statistics applied in the year you receive your ATAR. Note that if you are completing the HSC from 2025, ATAR eligibility rules will be different.

#### **MQ Science Lecture: 'Tomorrow's Universe – the Discoveries that will Change Science'**

5 December

Join Australia's Astronomer-at-Large, Professor Fred Watson AM, for an engaging and visually captivating lecture as he takes you on a journey into the future of astronomy!

Astronomy today is going through a golden age with amazing new facilities exploring the Universe. The James Webb Space Telescope is re-writing the textbook on baby galaxies, while gravitational wave observatories are detecting vibrations in space caused by colliding black holes. But there's much more to come, with gigantic new telescopes in the pipeline that truly boggle the imagination. What are these awe-inspiring instruments, and what will they reveal about the Universe's deepest mysteries? And will Australian astronomers play a part?

This free public event welcomes all curious minds including children aged 10 and up, teachers, and the interested public.

## **University - General**

### **Simulated UCAT Day Workshop: 2-part program**

21 December

The Simulated UCAT Day (SUD) 2-Part workshop conducted over a full day and a follow-up session. If you are in Yrs. 10, 11, 12, or you may be older and considering sitting the UCAT in the future, then this program is for you. The Simulated UCAT Workshop program is ideal and often a necessary step towards effective and efficient preparation for the UCAT.

The workshop is primarily designed to cover fundamental techniques in navigating all five sections of the UCAT test and also for participants to gain a better understanding of their own level of preparedness for the test. Over the course of the years, the program has evolved into a more comprehensive and holistic exercise, which not only achieves its primary goal, but it is also exposing students to a wealth of knowledge about all other aspects of the journey into a medical degree. The latest update has seen the program grow into a 2-Day event as the sheer amount of content covered was too great to fit into a 1-day program.

### **Screenwise Founder's Acting Scholarship**

Applications Now Open for 2025

The Screenwise Founder's Scholarship offers one two-year full-time scholarship to study the 10869NAT Advanced Diploma of Screen Acting. Valued at \$38,000 The Founder's Scholarship covers tuition fees for the 10869NAT Advanced Diploma Screen Acting Program over the complete course of two years. Tuition Fees also include production of the Scholarship recipient's Showreel and Industry Graduation Showcase upon completion of the program. In addition to full subsidisation of tuition fees, the successful applicant will receive extended mentoring from Screenwise Founder and CEO Denise Roberts throughout their studies

The opportunity to access quality skills training as a screen actor in Australia has become increasingly difficult to access. Economically and socially disadvantaged students are most affected, and will be faced with numerous barriers in pursuit of a career as a professional Film and TV Actor. Many young and talented Australian actors may never achieve their goals as a consequence. Somewhere across our nation another Hemsworth or Kidman may never reach their potential as a professional Film and TV Actor. The question remains, what can our industry leaders do to ensure that Australian Film and TV Actors continue to thrive on local and international screens?

### **JMC Acting Audition Guide**

We understand auditioning can be a daunting process and we hope to make your audition experience as enjoyable as possible. We make allowances for nerves and want to see you do your best.

Our audition process is designed to allow you to be as comfortable and free as possible. We are not looking for the greatest actor in the world! Instead we want to get to know YOU as the actor you are NOW. For us, it is about making sure this course is right for you and that we believe that through your experience of the course you will grow to become an actor with your own unique individuality ready to claim your space at the end of your two years of training.

You will be required to prepare two (2) monologues for your audition. You may select the monologues from the JMC Monologues or they may be of your own choosing. One (1) of your monologues needs to be Shakespearean; the other one may be from any Contemporary published play or film.

Here are a few hints on how to best prepare and enjoy your audition with us.

## **General**

### **Your rights at work Young workers & students**

Starting work can be an exciting time. While every workplace is different, there are rights and responsibilities that apply to all employees. Follow the tips below to help prepare for a new job.

### **Managing conflict in the workplace**

How do you handle conflict at work? If there is a difference of opinion between colleagues about how to carry out a task or project, what do you do? Some people leave the conflict for someone else to deal with, or avoid the conflict or situation. Others state and push for their opinion, or may state their opinion but give in when other people have stronger opinions. A good approach though is to discuss the differences in opinion, and try to find an option that you all agree on.

### **Westpac Young Technologist Scholarship**

Applications Close 15 January

The Westpac Young Technologists Scholarship was made for talented and inquisitive high school graduates looking to strengthen their passion and expertise in technology to innovate and create new opportunities and inspire good in the world of STEM.

Our Young Technologists Scholars get up to three years of financial support for their studies, networking opportunities, mentoring programs and paid internships with senior business leaders and industry-based experts as well as the chance to develop critical soft skills through the Disruptive Leaders Program. The program includes five days in Asia as part of an international learning experience to broaden minds and inspire new ways of thinking.

Scholars must be intending to commence a STEM related degree at one of our five partner universities across Australia, though you do not need to have received a formal offer at the time of your application.
