

CAREER NEWS

Term 1, Week 8 2024

UNIVERSITY EARLY ENTRY PROGRAMS

One of the main early entry programs is the Schools Recommendation Scheme (SRS). Applications open for this on 3 April when University applications open.

The Schools Recommendation Scheme (SRS) is one way institutions make early offers of undergraduate admission to Year 12 students. They do this by using criteria other than (or in addition to) the ATAR.

To apply for SRS you must be a Year 12 applicant who is attempting one of the following:

- an Australian Year 12 qualification in 2023
- an International Baccalaureate in Australia in 2023.

Participating institutions may use one or more of the following criteria listed when considering your application:

- your Year 11 studies (IB and interstate students will need to upload a PDF of their Year 11 school report)
- your school's rating of your aptitudes
- your Educational Access Schemes (EAS) application (if applicable).

Institutions will then make offers based:

- solely on SRS criteria
- on both SRS criteria and ATAR/selection rank
- on SRS criteria and ATAR and equity criteria.

Each institution has its own policy for determining SRS eligibility and making offers. For example, you may also have to submit an EAS application institution-defined dates, or attend a school in a particular region.

SRS is not available for all courses. The institution-specific SRS criteria detail any exceptions.

For more information about Schools Recommendation Scheme (SRS), visit [Schools Recommendation Scheme - UAC](#)

Other early entry programs open at various times as designated by the respective Universities that run them e.g. Macquarie University Leaders and Achievers Program is yet to open. For more information about the Leaders and Achievers Program, visit [Leaders & Achievers early entry scheme | Macquarie Uni \(mq.edu.au\)](#)

SYDNEY UNIVERSITY - CENTRAL COAST INFORMATION NIGHT

Date and time

 Tue, 26 Mar 2024 6:00 PM - 7:30 PM AEDT

Location

 **The Entertainment Grounds**
4 Racecourse Road West Gosford, NSW 2250

Discover why the University of Sydney is the right place for you at our information night for year 10 to 12 students.

You'll have the chance to speak with current students and alumni from the Central Coast who have undertaken a variety of degrees from across the University.

Learn about admission requirements, entry schemes, pathways, fees, scholarships, financial assistance and support services from our expert staff and UAC representative.

Year 10 students joining us will take part in a separate interactive session that aims to help link personal interests and skills with careers and courses and has a specific focus on selecting the right subjects for senior high school.

Date: Tuesday 26th March 2024

Time: 6pm – 7:30pm

Location: The Entertainment Grounds, 4 Racecourse Road, West Gosford NSW 2250

Audience: Year 10 – Year 12 students, parents and guardians.

Light refreshments will also be provided.

For more information and to book tickets, visit [The University of Sydney – Central Coast Info Night Tickets, Tue 26/03/2024 at 6:00 pm | Eventbrite](#)

Macquarie University - Campus Tours

For more information about a campus tour, visit [Macquarie University | Tertiary Education \(mq.edu.au\)](https://mq.edu.au)

Taking a campus tour is the best way to discover Macquarie's amazing facilities and stunning grounds. Led by a friendly student adviser, a tour is a fantastic opportunity to hear what it's really like to study at Macquarie.

What to expect on your tour?

The tour will take around 1.5 hours.

On every tour you'll see:

- our various lecture theatres
- our award-winning library (subject to capacity)
- our new learning and teaching spaces in 1 Central Courtyard
- our flexible and creative study spaces
- the Sport and Aquatic centre
- the Central Courtyard, where you can explore the many dining options

UNIVERSITY OF NEWCASTLE - UPCOMING EVENTS

Webinars – Students and Parents/Carers

HSC Support Webinar – Setting up for HSC Success

Date: 27 March 2024

Time: 7:00pm

[Register Here](#)

University of Newcastle is partnering with InspirationED to deliver a HSC Support Webinar. Embark on your HSC journey with confidence through our "Strategies for HSC Success" webinar, tailored for Year 11 and 12 students. Led by a Senior HSC Marker, this session delves into effective study techniques, exam hacks, and strategies for excelling in HSC assessment tasks.

2025 Joint Medical Program Info Session Webinar

Date: 8 May 2024

Time: 6:30pm

[Register Here](#)

The Bachelor of Medical Science and Doctor of Medicine (The JMP) is an innovative five-year degree delivered jointly with the University of New England and supported by Hunter New England Local Health District and Central Coast Local Health District. Join us for an info session to hear from Joint Medical Program academics and current students about the program, admission requirements and much more.

Y10 Subject Selection Webinar – Parents and Students

Date: 29 May 2024

Time: 6:00pm

[Register Here](#)

Our student ambassadors will share key subject selection information and share their stories and experiences with subject selection and transition to University studies.

Central Coast and Newcastle Parent and Carers Info Sessions

We invite parents and carers of Y12 students to join us this year for our face-to-face Central Coast and Newcastle Parents and Carers Info Sessions.

Parents and Carers will have the opportunity to hear from knowledgeable university staff and current students, covering a range of different topics to assist you in supporting your child through their transition from high school to university including entry schemes and pathways to university including our Early Entry Program.

You'll also have the chance to hear from current University of Newcastle Student Ambassadors about their first-hand experience transitioning from school to university, student life, support services and much more.

BUSINESS CADETSHIPS

For more information about this opportunity and Technology cadetships, visit https://drive.google.com/file/d/1K34s5cTMohDJ1xz_kwnZbPsRBok2xkil/view?usp=sharing

Combine study with paid work at UBS or Barrenjoey

businesscadetships.com.au

Earn a secure income at a leading financial services company while you study at the university of your choice.

The Business Cadetships Program is:

Established

Over the last seventeen years, Professional Cadetships Australia has provided Year 12 students with the opportunity to apply for a cadetship with leading companies in the financial services industry, including UBS, Barrenjoey, Macquarie Group, Bank of America Merrill Lynch, BNP Paribas, Westpac, QBE and Zurich.

Inclusive

The Business Cadetships Program welcomes applications from all Year 12 students who are Australian Citizens or Permanent Residents. The Program embraces equity and diversity and we encourage students from all schools and cultures to apply.

Individual

As a Business Cadet you combine study at the university of your choice in Sydney with paid work at UBS or at Barrenjoey. The Business Cadetships Program allows you to choose from a broad range of degrees including Economics, Commerce, Business, Actuarial Studies, Computer Science & Technology, Mathematics, Arts, Social Science and Advanced Studies. Some combined degrees may also be chosen.

Flexible

Once you have been selected as a preferred candidate for a cadetship at either UBS or at Barrenjoey, you will meet with the firm to discuss the most suitable way of combining university study with paid work. Your Business Cadetship is a partnership: it is very important that the integration of study and work allows you to perform well at university and at work.

We are looking for:

Year 12 students who are highly-motivated, enjoy working with other people and who would like to experience the world of banking and finance.

You will need to demonstrate:

- consistent academic effort and achievement at school
- transferable skills relevant to banking and finance
- evidence of leadership potential
- team involvement at school and/or in the community
- work experience (paid or unpaid)
- personal motivation

Applications are made online to Professional Cadetships Australia using the Business Cadetships website.

Apply online to Professional Cadetships Australia using the Business Cadetships website

APPLICATIONS OPEN
4 March 2024

APPLICATIONS CLOSE
22 May 2024

Are you a creative thinker who would like to explore financial technology?

If you can demonstrate:

- Consistent academic effort and achievement at school
- Transferable skills relevant to technology
- Evidence of leadership potential
- Team involvement at school and/or in the community
- Work experience (paid or unpaid)
- Personal motivation

Apply for a cadetship under the Engineering & Technology Cadetships (ETCAD) Program

Applications are made to Professional Cadetships Australia, an Australian company that specialises in placing Year 12 students with leading companies.

Established in 2013, the ETCAD Program has placed cadets with leading companies, including UBS, Macquarie Group, Westpac, Rolls-Royce and Cubic.

Study at university while you undertake paid work at UBS

Technology Cadetships are open to Year 12 students in 2024. There are opportunities for cadet placement in the Group Operations and Technology Office at UBS in Sydney.

Technology Cadets combine work with university study in computer science, information technology or information systems. Alternatively, cadets may undertake a generalist degree like arts or business. Some combined degrees may also be chosen.

Engineering Cadetships will not be offered under this year's ETCAD Program.

Apply online to Professional Cadetships Australia using the ETCAD website

Free Webinar

3 April 2024 at 7.00pm (AEDT)

The National Institute of Education (UCAT NIE) is proud to present the free information seminar all about UCAT and the undergraduate pathways into medicine and dentistry.

This forum is an excellent opportunity for teachers, students, and parents to find out about the UCAT and to have their questions answered by an expert who has been working in the field since 1999.

The session is PACKED with loads of valuable information during which we will be covering the following topics and more.

- What is UCAT? UCAT scores? UCAT Sub-tests?
- The Undergraduate Selection Criteria
- Application process into universities for medicine and dentistry
- When and who can sit the UCAT
- UCAT vs GAMSAT - How is UCAT different?
- Can you prepare for the UCAT?
- Undergraduate medical school interview explained and medical school interview preparation advice
- Gap Year
- Alternative degrees and career choices
- Q & A

CENTRAL COAST TRADE READINESS PROGRAMS

The following two programs run one day per week for five weeks in term 2. Please see Mr Russell if you are interested. Closing date is 12 April for expressions of interest. You will need a Unique Student Identifier (USI) to enrol plus fill in a TAFE form as part of the application process if you are offered a place.

Trade Readiness Civil Construction

Ourimbah CAMPUS

Program description:

Trade Readiness is a partnership between the NSW Department of Education and TAFE NSW, with support from Training Services Regional Industry Education Partnerships (RIEP) officers. Its aim is to introduce students to jobs in building and construction and connect them with local industry.

This program provides:

- Practical demonstrations led by experienced teachers.
- Opportunities for students to engage in hands-on activities, allowing them to gain valuable insights and knowledge in the construction industry.

The program aims to achieve the following outcomes:

- Assist students to make informed career choices to access VET options, such as SBATs and VET at School or transitioning to study TAFE NSW.
- Assist students to develop individual learning plans that identify courses and study options linked to their preferred careers.

Students will need to:

- wear closed in shoes (no thongs or sandals) and appropriate clothing - clean, close-fitting clothing must be worn (Clothing must not contain inappropriate logos or slogans)
- bring water bottle and lunch

For further information:

TradeReadiness@tafensw.edu.au

Student eligibility

To express interest in this program students **must** be both:

- 15 years old or older, and
- only available to Non-Educational Pathways Program (EPP) participating government and non-government schools

Location

TAFE NSW Ourimbah
Brush Rd, Ourimbah NSW 2258

Throughout your apprenticeship, you will be employed by CCGT and will work day-to-day with our host employer in order to receive your on-the-job training in the industry.

ABOUT THE HOST EMPLOYER:

Established in 2023, our Host Employer have a team of exceptionally skilled early childhood educators, committed to the highest standards of excellence and meticulous care. With a steadfast dedication to meeting the varied needs of children and their families, they endeavour to deliver consultation and to work collaboratively with all people involved in caring for children: parents, carers, teachers, and other professionals.

DESIRED QUALITIES:

- Working With Children Check (WWCC)
- First Aid Certificate
- Ability to work well in a team environment
- Ability to be flexible working rotating roster
- A genuine desire to enter the Early Childhood Industry and a commitment to complete the training.
- Ability to build warm, respectful and trusting relationships with children and families

Your Role and Responsibilities:

- Build good relationships with everyone involved to support families and children.
 - Help create and run educational activities as directed by the Lead Educator.
 - Assist in keeping the room running smoothly according to rules and guidelines.
-
- 

- Always keep the right number of educators for the number of children.
- Maintain health and safety, especially in handling food.
- Encourage teamwork and open communication.

As part of this Traineeship, you will be PAID to study a Certificate III in Early Childhood Education and Care through ON the Job Training at ECTARC (Early Childhood Training and Professional Development) over a period of 18 months.

For more information about this position, please contact Central Coast Group Training.

Business Administration Trainee

- PAID to study a Certificate III in Business (Business Administration)
- Monday to Friday, 8:00am to 4:00pm
- Position located in Somersby, Central Coast

ABOUT CCGT:

For over 40 years, CCGT have been the leading employer of Apprentices and Trainees on the Coast.

Throughout your apprenticeship, you will be employed by CCGT and will work day-to-day with our host employer in order to receive your on-the-job training in the industry.

ABOUT THE HOST EMPLOYER:

Our Host Employer, established in 2018, provides high-quality, large-scale landscape construction and maintenance services to commercial, retail, and government clients across the East Coast of NSW. They're known for their top-notch work and are on the lookout for an Trainee who's got an eye for detail and ready to join their energetic team.

DESIRED QUALITIES:

- Valid Driver's license and own transportation
 - Proficient communication skills
 - Proactive & Positive approach
- 

- Attention to detail
- Polite & professional customer service skills
- The ability to work within a team

YOUR ROLES & RESPONSIBILITIES:

- General Administrative duties
- Phone Calls
- Maintaining stationery replenishment
- Fleet management - Service/Registration/Repairs
- Maintaining job management software with up to date information - AroFlo
- Issuing & receipting purchase orders
- Data Entry
- Maintaining online platforms such as social media
- Manage PPE/Uniform supply

As part of this Traineeship, you will be PAID to study a Certificate III in Business (Business Administration) through ON THE JOB Training over a period of 12 months.

For more information about this position, please contact Central Coast Group Training.

Apprentice Cabinetmaker

- PAID to Study a Certificate III in Cabinet Making
- Full time role based at West Gosford
- White Card Essential

Are you interested in beginning your career in the craft of cabinet making?

As a 1st Year Cabinet Making Apprentice, you'll have the opportunity to work side by side with seasoned experts in the field, acquiring the essential skills and techniques of cabinet making.

ABOUT CCGT:

The Coast's leading employer of Apprentices and Trainees for over 40 years.

Throughout your apprenticeship, you will be employed by CCGT and will work day-to-day with our host employer in order to receive your on-the-job training in the industry.

We are dedicated to offering continuous mentoring and support to help you achieve your career goals and unleash your true potential.

ABOUT THE HOST EMPLOYER:

Our Host Employer has been in operation for 25 years and are a family owned business based in West Gosford. Their clients and projects vary from elaborate whole house fit outs to a budget apartment or granny flat kitchen. The Host prides themselves on their high quality services and workmanship and now have a fantastic opportunity for a motivated Apprentice to join their enthusiastic and close knit team!

Working Monday to Friday, 7:30 am to 3:36 pm, 38 hrs.

As part of this Apprenticeship, you will be PAID to study a Certificate III in Cabinet Making through OFF the Job Training over a period of 48 months at TAFE NSW - Newcastle Campus.

For more information about this position, please contact Central Coast Group Training. .

GENERAL NEWS

The following news items are sourced from Job Jump

UAC

Everything you need to know about the ATAR in (just over) 2 minutes

HSC students: don't stress!

Here's a quick and simple ATAR explainer without all the jargon.

The ATAR is a rank, not a mark.

The Australian Tertiary Admission Rank (ATAR) is a number between 0.00 and 99.95 that indicates a student's position relative to all the students in their age group (i.e. all 16 to 20 year olds in NSW). So, an ATAR of 80.00 means that you are 20 per cent from the top of your age group (not your Year 12 group).

Universities use the ATAR to help them select students for their courses and admission to most tertiary courses is based on your selection rank (your ATAR + any applicable adjustments). Most universities also use other criteria when selecting students (e.g. a personal statement, a questionnaire, a portfolio of work, an audition, an interview or a test).

https://www.youtube.com/watch?v=_NNx5NVFPQk&t=1s

Steps to Uni for International Students

You are an international student if you are not an Australian citizen, New Zealand citizen or permanent resident of Australia.

Australia is a popular study destination for students from overseas. Australian tertiary institutions feature highly in international rankings for their teaching, research and international outlook and our lifestyle, culture and climate make Australia one of the most liveable countries in the world.

Australian tertiary institutions offer a broad range of study options and areas of specialisation, from arts and humanities, business and economics to communications and media studies, creative arts, education, engineering, health and medical sciences, science and technology, and teaching.

Qualifications gained in Australia are recognised around the world. If you apply to study in Australia through UAC, you'll be applying to institutions located in New South Wales (NSW) and the Australian Capital Territory (ACT) or close to these states' borders. They offer a variety of learning and social environments for students.

University of Sydney Webinar - Year 10 subject selection

11 April

Join us online for a fun and informative session that's tailored for Year 10 students to help you navigate the subject selection process and prepare for your journey to university.

Our expert staff, current University of Sydney students and a UAC representative will discuss important topics such as: what to consider when selecting your subjects for Year 11 and 12, the impact subject selection can have on adjustment factors, what the ATAR is and how it's calculated, prerequisites and assumed knowledge, tips for admission and scholarships, and key insights from our current students on their subject selection experiences and transition into university. The session will finish with a live Q&A. This webinar is suitable for current Year 10 students and both the parents/caregivers and teachers of Year 10 students.

Joint Medical Program for 2025 entry - Uni of Newcastle and UNE

To apply to the Joint Medical Program in 2024, you must complete the following three steps.

- Register with the University Clinical Aptitude Test (UCAT ANZ) office and attend a UCAT ANZ session at a nominated test site. Fees apply.
- Apply to the joint medical program
- Apply to UAC

Our Joint Medical Program is world-class and entry is competitive. Each year, 170 places are available in the program across both the University of Newcastle and the University of New England; more than 3,500 people apply for those spaces. Your application will go through a rigorous selection process. If your application isn't successful, we encourage you to apply again the following year or to consider one of the many alternative degrees offered by the University of Newcastle or the University of New England.

Living and Studying in Sydney in 2025 - Residential Applications Opening Soon

Applications will open April 2024, early application is highly advised.

Most undergraduates reside in the Heritage (Main) Building, built in 1926. Here, female students undertaking their first degrees enjoy a space that is calming and inspiring, lending itself to academic achievement and the forging of lifelong friendships. Residents join us from all over Australia and the world as domestic, international and exchange students. Our tradition of being a home away from home for women from regional Australia remains strong today.

5 Steps to Study in the USA

Whether you plan to pursue a short-term or full degree program in the United States, EducationUSA has the resources you need in 'Your Five Steps to U.S. Study'.

<https://educationusa.state.gov/your-5-steps-us-study>

The Maths Needed for 15 of Australia's Most Popular Uni Courses

We've rounded up the top five most popular uni courses in NSW, Queensland and Western Australia, and made notes under each to let you know if maths is a prerequisite, assumed knowledge or will just generally help you out along the way.

Keep this page bookmarked! As more states and territories publish their most popular uni courses, we'll up date this list.

And as always, it's really important to do your own research. Before you decide on your Year 11 and 12 subjects, you should look up the degrees you'd like to do at uni to check their complete list of entry requirements.

Free UCAT Information Session

3 April

The National Institute of Education (NIE) is proud to present the free information seminar all about UCAT and the undergraduate pathways into medicine, dentistry, and some other health science programs. The session is PACKED with loads valuable information during which we will be covering the following topics and more.

This forum is an excellent opportunity for teachers, students, and parents to find out about the UCAT and to have their questions answered by an expert who has been working in the field since 1999.

- What is UCAT? UCAT scores? UCAT Sub-tests?
- The Undergraduate Selection Criteria
- Application process into universities for medicine and dentistry
- When and who can sit the UCAT
- UCAT vs GAMSAT - How is UCAT different?
- Can you prepare for the UCAT?

- Undergraduate medical school interview explained and medical school interview preparation advice
- Gap Year
- Alterna

<https://www.nie.edu.au/ucat-free/free-ucat-information-sessions>

Simulated UCAT Workshop

Next Class - 6 April

The Simulated UCAT Workshop program is ideal and often a necessary step towards effective and efficient preparation for the UCAT.

The workshop is primarily designed to cover fundamental techniques in navigating all five sections of the UCAT test and also for participants to gain a better understanding of their own level of preparedness for the test. Over the course of the years, the program has evolved into a more comprehensive and holistic exercise, which not only achieves its primary goal, but it is also exposing students to a wealth of knowledge about all other aspects of the journey into a medical degree. The latest update has seen the program grow into a 2-Day event as the sheer amount of content covered was too great to fit into a 1-day program.

<https://www.nie.edu.au/ucat-courses/simulated-ucat-day-workshop>

Bond University Ideas Camp

7 August

Registration Now Open

Whether you have a business idea that will set the world on fire, or if you want to blaze your own trail despite being unsure of your career path, then get ready to unleash your inner entrepreneur!

Ideas Camp is a hands-on, one-day business workshop designed exclusively for our next gen corporate adventurers. Join us and as we bring together some successful young entrepreneurs and current Bondies to stir the embers of your business dreams.

TAFE

TAFE Guide for Parents

We understand that you want to nurture the passion of your child, and help them choose a career path that suits them. That's why at TAFE NSW, we provide our students with individual support, small class sizes, expert teachers, and pathways to get students where they want to go.

From specialist schools like the TAFE NSW Design Centre Enmore, the TAFE NSW Fashion Design Studio, or the Australian Patisserie Academy, through to our hundreds of trade courses, diplomas, and degrees, we have a course to suit every style of learning - be it in scheduled classes or in a student's own time, delivered online, in person, or through a combination of both.

Our strong industry connections mean we partner with employers to provide mentorships, internships and work placements in real world environments.

<https://sae.edu.au/event/sae-sydney-info-night/>

General

Benefits of Internships

Internships are both a valuable add-on alongside an academic degree and a great way to explore and develop skills in a new industry. Also known as placements, internships are often a good way to add get relevant experience onto a resume when branching out into a new sector. Benefits of internships:

- Opening networking opportunities
- Getting a foot in the door into a new industry
- The perfect way to meet like-minded people.

It is advisable for interns to meet a range of people outside the department or company, as they might find themselves being asked to stay on for work in other areas of the business.

<https://www.australiancareersservice.com.au/industry-news/the-benefits-of-internships>

Young Entrepreneur Summit

Registration Now Open, Event 14 June

Led by young leaders, for young leaders, YES (Young Entrepreneur Summit) is Australia's Premier Youth Leadership Day. It's a one-day, interactive summit designed to inspire and empower a generation of brave, creative and entrepreneurial young leaders.

YES is a super high energy, action-packed event for Secondary School students that features keynote presentations, panel discussions and interactive group workshops on a whole range of 'adulting skills' such as ideation, public speaking, financial literacy, ideation, collaboration and team work. The energy doesn't just stop at the end of the day - we provide all educators with complimentary access to 'The Student Startup Program' - a 10 week entrepreneurship unit with lesson plans, slides and activities.

<https://www.ase.edu.au/yes>

Science and Engineering Challenge

Dates between March and August

The Science and Engineering Challenge is a national program, running Challenge Days (for high school students) and Discovery Days (for primary school students) across every state and territory in Australia. Follow the link below to find an event in your area.

<https://www.newcastle.edu.au/college/engineering-science-environment/education/science-and-engineering-challenge/events>

Young ICT Explorers

Registration Now Open

Young ICT Explorers (YICTE) is a non-profit competition, created by SAP, supported by CSIRO Digital Careers and The Smith Family with the help of Industry and University partners across Australia, to encourage primary and high school students in years 3-12 in Australia to solve real-world problems or showcase their passions using technology. That could be anything from creating better ways to recycle, to supporting people with disability; from creating virtual reality worlds, to building entire operating systems and robots from the future –students can use their imagination and their interest in the world around them to create projects, we want students excited about working with technology. The work we do directly with our partner, The Smith Family (TSF), is on a dedicated funding program, which enables disadvantaged youth to have equal access to participate and engage in the competition through our YICTE Accelerator program.

Think of YICTE like a science fair, but for technology and innovation instead. Our goal is to inspire school students of all technical ability levels to use their creativity and innovation to gain a greater understanding of the diverse possibilities available to them through today's technology, encouraging students to consider future study and a career in tech, while solving real world problems with their choice of technology, with YICTE being the showcase event for students to attend each year. Projects can be anything created in class time, or students can enter extracurricular projects they are working on. YICTE compliments the school Digital Technologies curriculum, with almost any technology based projects eligible to enter! Students can work alone or in teams of up to four students (we suggest they team up!) To date, nearly 8,000 students have taken part, from approximately 850 school across Australia and New Zealand.

Study Engineering - Resources for Students, Parents and Teachers

Engineering is a career for problem solvers. It's a wide and diverse field that touches every part of human life. The vehicles we drive, the electronic devices we use, the buildings we work in and the medicines we take are all products of engineering.

This means anyone with interests in virtually any area can be attracted to and enjoy engineering and it's never too early to introduce engineering to young people. Young children can develop an interest in and appreciation for engineering with toys such as Lego, Meccano or even Play Doh.

We've put together some resources for school-age students and teachers to help you foster interest in budding engineers of any age.

<https://www.engineersaustralia.org.au/about-engineering/study-engineering>

Women in cyber security

The Pros and Cons about an Accountancy Career

The world is full of accountancy grads who aren't working as accountants. Some are musicians (Mick Jagger), some comedians (Eddie Izzard) and some novelists (John Grisham). Believe it or not, some are even mixed martial arts cage fighters (Chuck 'The Iceman' Liddell). Of course, most accountancy grads do go on to become accountants, at least for a period of time. But before you do so it's worth doing a little accounting of your own about the benefits and costs involved.

<https://au.prosple.com/career-planning/the-pros-and-cons-of-a-career-in-accountancy>

Where Can You Go With A Career In Agriculture?

Australian Federal Police - Eligibility Requirements

We are always on the lookout for candidates with sound academic performance and strong critical-thinking skills. You must be over 18 to apply for a job at the AFP, but you can still register your interest in joining if you're under 18.

To be a police officer or protective service officer in the AFP, you must:

- be over 18 years old
- be an Australian citizen
- meet our character standards.

If you progress through the recruitment process you'll be asked to:

- complete the Employment Suitability Questionnaire (including providing your traffic history)
- obtain a security clearance, including a national police check
- provide evidence you've had 2 primary doses of an approved COVID-19 vaccine or one dose of the Janssen (Johnson & Johnson)
- undergo mandatory drug testing and provide your fingerprints.

<https://www.afp.gov.au/jobs/eligibility>
