

CAREER NEWS

Term 2, Week 7 2024

YEAR 10 SUBJECT SELECTION – YEAR 10 RECEIVE THE UAC SUBJECT GUIDE

At their Year Meeting on Tuesday 4th June, Year 10 students received information about HSC requirements and subject selection and the Universities Admission Centre (UAC) booklet “Steps to Uni for Year 10 Students”.

The UAC booklet has information about various University courses and the Year 11 and 12 subject requirements and/or recommendations for the various University courses for students entering University in 2027.

The booklet also has suggested careers that relate to various interests students may have.

Please ask your son or daughter to see me if he/she was absent and didn't receive a booklet. The booklet is also available online... [Steps to Uni for Year 10 Students 2024 edition \(uac.edu.au\)](https://uac.edu.au)

An information evening is to be held on Monday 24 June at 6pm about HSC requirements and Year 11 and 12 subject information.

CO-OP SCHOLARSHIP PROGRAM

Co-op Career Chat

Tue, 2 Jul: **Business**
Wed, 3 Jul: **Engineering**
Thu, 4 Jul: **Technology**

Online: from 6 to 7pm

Career Chat

We know that career decisions are difficult, so Co-op will again host a series of online, careers information events focusing on **Business, Engineering and Technology** careers just before the winter break. It will be a great opportunity for your students to learn more about careers in these different sectors as they'll hear from industry partners and sponsors, Co-op alumni, and current scholars who will be sharing their experience of working and studying across these areas, as well as what put them on their current path. Your students will also have the opportunity to ask questions throughout the evening, all from the comfort of their own home!

Navigating your post-school plans with confidence
Wednesday 24 July, 5:00pm (AEST)

Presenter: Dr Michael Healy

School is such a big part of your life; you might have mixed feelings as you approach the end of it. You might be excited about your next steps. But it's okay if you're not sure about your post-school plans or feeling a bit anxious or overwhelmed about it all.

In this webinar, you'll hear about six simple ideas that will help you think about your future with confidence. Some of them might surprise you!

We'll talk about:

- Different kinds of post-school pathways.
- Why it's OK if you don't know what you want to do.
- Why it's OK to change your mind.
- Why ATAR might not be as important as you think.
- How to research your options.
- Who to talk to for help.

If you can't make it to the live webinar, register anyway, and we'll send you the recording to watch later.

[Register now](#)

The logo for 'myfuture' is written in a large, teal, lowercase sans-serif font. Above the 'y' is a graduation cap icon. Above the 'f' is a lightbulb icon with a checkmark inside. To the right of the 'e' is a speech bubble icon. Below the text are several icons: a person with a speech bubble, an apple on a book, a person with a speech bubble, and a checkmark. To the right of these icons are three directional arrows pointing right. A dashed line connects the graduation cap, the lightbulb, the speech bubble, and the three arrows.

JOB OPPORTUNITIES

PAID to Study a Certificate III in Glass & Glazing

Full time role - working across the Central Coast & Newcastle

White card essential

Are you interested in shaping your career in the art of glasswork?

As a 1st Year Glazier Apprentice, you'll have the chance to work alongside experienced professionals in the industry, learning the fundamental skills and methods of glazing.

ABOUT CCGT:

The Coast's leading employer of Apprentices and Trainees for over 40 years. Throughout your apprenticeship, you will be employed by CCGT and will work day-to-day with our host employer in order to receive your on-the-job training in the industry.

We are dedicated to offering continuous mentoring and support to help you achieve your career goals and unleash your true potential.

ABOUT THE HOST EMPLOYER:

With over 30 years in the glazing industry, our Host Employer is the premier choice for custom glasswork on the Central Coast. This family-owned and operated business is renowned for its professional, high-quality, and timely services. Specialising in residential needs such as window repairs, shower screens, glass splashbacks, and custom mirrors, they also excel in commercial glazing for shop fronts, industrial units, and commercial buildings. Our Host prides themselves on implementing creative and unique solutions to meet all your glass requirements, ensuring a perfect fit that reflects your style. They are now looking for a bubbly apprentice to join their team!

DESIRED QUALITIES:

Current driver's license (preferred, not essential)

Hold a current WHS White Card

Strong work ethic and a willingness to learn

Excellent teamwork and communication skills

The ability to carry out repetitive manual handling duties

Punctual & trustworthy

KEY ROLES AND RESPONSIBILITIES:

Glass cutting and handling

Assisting with onsite installation of glass products

Removal work & maintenance

Use of tools & equipment

General workshop and site maintenance & housekeeping

Working Monday to Friday, 6:30 am to 2:36 pm, 38 hrs with potential for overtime.

As part of this

Apprenticeship, you will be PAID to study a Certificate III in Glass & Glazing through OFF the Job Training over a period of 48 months at TAFE NSW - Lidcombe Campus.

For more information about this position, please contact Central Coast Group Training.

WE'RE HIRING

1ST YEAR APPRENTICE GLAZIER

- PAID to study a Certificate III in Glass & Glazing
- White Card ESSENTIAL
- Fulltime role working across Central Coast

 Central Coast Group Training

PAID to Study a Certificate III in Business

Full Time Role Located in Tuggerah

Immediate Start

Looking to start your career in the automotive industry?

As a Service Advisor Trainee, you will have the exciting opportunity to work alongside experienced professionals in the dealership, learning the skills to progress within the business.

ABOUT CCGT:

The Coast's leading employer of Apprentices and Trainees for over 40 years. Throughout your traineeship, you will be employed by CCGT and will work day-to-day with our host employer in order to receive your on-the-job training in the industry. We are dedicated to offering continuous mentoring and support to help you achieve your career goals and unleash your true potential.

ABOUT THE HOST EMPLOYER:

Our Host Employer is a local family owned and operated multi brand award winning dealership located in Tuggerah. Our Host has over 30 years experience in the motor industry and currently sell, service and repair new and used cars. They are now searching for their next superstar trainee to join their dealership and provide admin assistance to their service department.

KEY ROLES AND RESPONSIBILITIES:

Phone & email management

Scheduling & management of bookings

Exceptional customer service with high attention to detail

General administration duties such as filing

Submitting & closing warranty claims

Liaising with the workshop

Processing payments

DESIRED QUALITIES:

Driver's Licence & own vehicle preferred but not essential

Positive, professional & confident attitude

Excellent communication skills

Eagerness to learn

Ability to multitask and prioritise tasks effectively

Excellent organisation & time-management skills

Working Monday to Friday, 8:00am to 5:00pm.

As part of this Traineeship, you will be PAID to study a Certificate III in Business through ON THE JOB Training over a period of 12 months.

For more information about this position, please contact Central Coast Group Training.

WE'RE HIRING

BLINDS & AWNING TRAINEE

- Paid to study a Certificate III in Process Manufacturing

University of Sydney - Personalised Data Analysis Advice - Online Small Group Sessions for Science Extension HSC

18 June

Whether you are doing a primary investigation or using secondary data, you will need to use the right data analysis techniques to find and present trends in the data!

The Faculty of Science presents these free after school sessions where individual HSC Science Extension high school students from NSW can sign-up to hear from tutoring data scientists from the University of Sydney. Students will book into a half hour time slot with a small number of other students so that they can get personalised advice and recommendations for their own investigation data.

These sessions make up the third and final part of the data analysis advice series run by the University of Sydney for HSC Science Extension students. This third part is designed to help students apply the content taught in sections one and two of the workshop series.

<https://events.humanitix.com/personalised-data-analysis-advice-online-small-group-sessions-for-science-extension-hsc>

University of Sydney HSC Preparation Courses (Years 10-12)

University of Newcastle – Joint Medical Program (JMP)

To apply to the Joint Medical Program in 2025, you must complete the following three steps. Our Joint Medical Program is world-class and entry is competitive. Each year, 170 places are available in the program across both the University of Newcastle and the University of New England; more than 3,000 people apply for those spaces. Your application will go through a rigorous selection process. If your application isn't successful, we encourage you to apply again the following year or to consider one of the many alternative degrees offered by the University of Newcastle or the University of New England.

<https://www.newcastle.edu.au/joint-medical-program/how-to-apply>

UNSW Portfolio Entry Scheme

Round 1 Closes 22 July

Here at UNSW, we want to reward your passion, creativity and potential to succeed in your degree area. The UNSW Portfolio Entry Scheme offers early conditional offers, giving you the opportunity to demonstrate your passion and talent alongside your ATAR. Successful applicants will receive an early conditional offer with an adjusted ATAR entry requirement up to 10 ATAR points below the lowest selection rank for a specific degree or range of related degrees.

If this sounds like you, we want to see your portfolio submission. It's an easy, online process and can only ever boost your chances of admission. What you submit in your portfolio will depend on which degree you're interested in. Please submit your UAC application prior to your UNSW Portfolio Entry submission.

<https://www.unsw.edu.au/study/how-to-apply/undergraduate/admission-pathways/portfolio-entry>

Reminder - UNSW Engineering Information Evening

12 June

Problems and Ideas that will impact society over the next two decades rest on the shoulders of our future engineers. From transitioning to Net Zero Carbon Emissions through decarbonisation, tackling the next big Cyber Security threats, merging biology with technology, and creating the most sustainable infrastructure projects, all of this requires technical skills and expertise, along with creative problem solving.

Start your journey at UNSW Engineering - the number 1* ranked Engineering Faculty in Australia! Join us online where you will hear from our expert panel of academic staff and advisors to gain insights about our range of programs designed to equip you with the skills and knowledge needed to excel in the engineering landscape of today and tomorrow.

<https://www.events.unsw.edu.au/event/unsw-engineering-information-evening-2024>

University - General

Why I chose to study arts

Studying for her HSC, Akala Newman was worried she wouldn't get into her arts degree. 'I love academia, but it doesn't come naturally to me,' she says. 'I'm not built that way.'

<https://www.uac.edu.au/media-centre/news/why-i-chose-to-study-arts>

Free UCAT Information Session

Are you considering a career in medicine or dentistry? You may need to sit a compulsory entry exam known as UCAT (Undergraduate Medicine and Health Sciences Admission Test) before you can apply to certain universities!

This forum is an excellent opportunity for teachers, students, and parents to find out about the UCAT and to have their questions answered by an expert who has been working in the field since 1999.

- What is UCAT? UCAT scores? UCAT Sub-tests?
- The Undergraduate Selection Criteria
- Application process into universities for medicine and dentistry
- When and who can sit the UCAT
- UCAT vs GAMSAT - How is UCAT different?
- Can you prepare for the UCAT?
- Undergraduate medical school interview explained and medical school interview preparation advice
- Gap Year
- Alternative degrees and career choices
- Q & A

<https://www.nie.edu.au/ucac-free/free-ucac-information-sessions>

ANSTO Saturday Science Discovery Tours

Subject to availability, we will visit Australia's only nuclear reactor OPAL, the Australian Centre for Neutron Scattering, the ANSTO Nuclear Medicine facility and the Centre for Accelerator Science.

<https://www.ansto.gov.au/whats-on/saturday-science-discovery-tour-20>

Simulated UCAT Day Workshop

Next Online Workshop: 23 June

In Person Classes in Sydney: 15 June - Limited Spots Remain

If you are in Yrs. 10, 11, 12, or you may be older and considering sitting the UCAT in the future, then this program is for you. The Simulated UCAT Workshop program is ideal and often a necessary step towards effective and efficient preparation for the UCAT.

The workshop is primarily designed to cover fundamental techniques in navigating all five sections of the UCAT test and also for participants to gain a better understanding of their own level of preparedness for the test. Over the course of the years, the program has evolved into a more comprehensive and holistic exercise, which not only achieves its primary goal, but it is also exposing students to a wealth of knowledge about all other aspects of the journey into a medical degree. The latest update has seen the program grow into a 2-Day event as the sheer amount of content covered was too great to fit into a 1-day program.

<https://www.nie.edu.au/ucat-courses/simulated-ucat-day-workshop>

How to Prepare for UCAT Verbal Reasoning?

Of the five subtests of the UCAT, there is one that stands out as the more difficult to master. The UCAT Verbal Reasoning section has a few unique characteristics, which are unlike anything candidates may have encountered in other areas of their studies. The UCAT Verbal Reasoning section requires the candidate to scan a stimulus very quickly and identify the answers to the questions within a limited time allowance. While this may seem easy enough to some, the speed at which students need to be performing while dealing with fairly complex and tricky passages is very fast, to say the least.

<https://www.nie.edu.au/ucat-blog/item/how-to-prepare-for-ucat-verbal-reasoning>

UCAT Verbal Reasoning Webinar

16 June

An intensive and interactive advanced UCAT Verbal Reasoning skills training program, which includes a full Verbal Reasoning section mock test.

The UCAT Verbal Reasoning (VR) section, has proven as one of the most challenging sections of the UCAT to prepare for as practicing questions only, is not the most efficient way of preparing. Verbal reasoning requires certain fundamental language and reading skills that normally can take a long time to fully develop.

<https://www.nie.edu.au/products-listing/product/2908-verbal-reasoning-vr-advanced-skills-crash-course>

TAFE

Get a Dynamic Career with the TAFE NSW Bachelor of Early Childhood Education and Care (Birth-5)

If you love working with children, this accredited four-year teaching degree is for you.

This degree has a strong applied learning focus so that when you graduate, you'll be prepared to work in a variety of settings such as day care, preschool, integrated child and family services. As well as practical core units, you will undertake a work placement each semester that allows you to apply what you've learned in a real setting.

<https://www.tafensw.edu.au/course-areas/education-and-training?filter=degree-level>

TAFE Bachelor of Applied Commerce

Designed in consultation with industry, the Bachelor of Applied Commerce provides you with the skills and knowledge you need to be a successful financial professional. Complete your major in either accounting or financial planning, or do a double major. As well as developing knowledge and skills in accounting and financial planning, you will study management, marketing, law, economics and business statistics, as well as doing an industry placement in third year. Alternatively, you can complete a Diploma of Applied Commerce by completing all first year subjects in the degree.

<https://www.tafensw.edu.au/course-areas/accounting-and-finance?filter=degree-level>

Australian Patisserie Academy

250 Blaxland Road Ryde

Utilising the professional kitchens of TAFE NSW, the Academy team alongside international guest chefs, ensure you emerge with a dream patisserie skill set. From perfecting the art of cake decorating to baking the perfect sourdough, pulling exquisite sugar ribbons to creating one-of-a-kind chocolate show pieces, the Academy is dedicated to preserving the art of patisserie. Classes are short, flexible and constantly changing to reflect industry trends. So whether you're a passionate weekend baker or master chocolatier, there's a course that's your perfect mix.

<https://www.tafensw.edu.au/australian-patisserie-academy>

Australian Patisserie Academy - Short Courses

The Academy has new half day courses that will provide you with a fast way to learn a new skill. Classes are hands-on, short and constantly changing to reflect current trends. So whether you're a passionate weekend baker, food enthusiast or culinary professional, there's a course that's your perfect mix.

<https://www.theapa.edu.au/courses/half-day-short-courses>

Tocal (Virtual) Farms

Take a virtual tour on any area that takes your interest. Dairy, beef, sheep, horses, eggs, property, natural resources, bees. Tocal is a 2200-hectare farm located in the lower Hunter Valley of New South Wales, Australia. The property contains a range of natural ecosystems, from rainforest remnants and wetlands to dry sclerophyll forests. The main farm enterprises are beef cattle, dairying, horse breeding, and free-range egg production, with a small demonstration of sheep flock and some cropping. The current management at Tocal aims to maintain a strong reputation by adopting best practice property management for livestock, ecological benefits, people, animals and the environment.

<https://www.tocal.nsw.edu.au/farm-and-facilities/tocal-farms/tocal-virtual-farm-navigation>

Total Farming and Agriculture Open Days

12 and 19 July, 4 and 11 October

Our College Open Days are a wonderful opportunity to visit Tocal and experience first hand all that it can offer students who are eager for a rewarding career in agriculture, agribusiness or horse breeding and training. The Open Days are held on the Fridays of the winter and spring school holidays and provide prospective students, their families and carers an ideal forum to visit the College and get a feel for what life as a student is really like. Should you require accommodation while attending the Open Days, Tocal College has a range of excellent and affordable accommodation options. These include motel rooms, flats and cottages.

<https://www.tocal.nsw.edu.au/students/future-students/open-days>

Reminder - NIDA Open Day 2024

15 June

From costume design and stage management to acting and musical theatre, learn more about our course offerings and explore behind the scenes of Australia's leading dramatic arts educator at NIDA Open Day in 2024. Interested in studying at NIDA, or just curious about what we offer? NIDA Open Day is the perfect opportunity for prospective students to visit the campus and get a taste of the NIDA experience. NIDA theatres, workshops, studios and creative spaces come alive with new and current students, ready to explore the arts. Whether you want to be centre stage or behind the scenes, you can learn about all NIDA's course offerings, meet alumni and current students, observe classroom activities, check out students' creative work in costume, make-up and more, as well as ask questions during our faculty panels and even watch student productions.

Introduction to Directing Short Course at AFTRS

11-27 June

'What does a director do?' This introductory course delivered completely online will focus on the responsibilities and workflow of the film and television director, from pre-production through to post-production. Taught by highly experienced Industry practitioners you'll get an insight into this key role, and what makes a great director.

This course is delivered by Zoom Video in six evening sessions over three weeks.

<https://www.aftrs.edu.au/short-course/intro-to-directing/>

Introduction to Producing and Screen Business at AFTRS

17 - 26 June

"What does a Producer do?" In this introductory, seminar-style course you will get a good insight into the role – and how much it varies across different types of content. You will become familiar with the workflows of a producer in both TV, film and creative agencies, and learn the most effective and efficient ways to produce a project. You'll get real world advice, case studies and information on how money influences the creative decisions you will be making.

Delivered by AFTRS MASB Program Convenor Peter Herbert, and industry expert Dr. Pieter Aquilia.

AMPA Dance Experience Day

10 July

Academy of Music and Performing Arts (AMPA) invites dancers 16 & above to join us on campus for a day of dance. Register and bring your friends along and get ready to move!

Dancers will have a chance to participate in contemporary & improvisation classes facilitated by AMPA's inspiring faculty and experience what studying dance full-time is like at AMPA. A Q&A with the program's Head of Dance will allow aspiring dancers, choreographers, and dance teachers, to gain further insight into tertiary education and how it can benefit their future careers.

AMPA is the only performance-focused dance degree in NSW, so if you value a practical approach to learning and love performing- this is the place for you!

General

Get Kids into Surveying

Developed in the UK, Get Kids into Survey poster series puts surveying and geospatial science in the spotlight and renders it approachable by highlighting what makes the professions exciting, challenging and rewarding. Like the Where's Wally puzzles of yesteryear, every poster is crammed with colourful characters, amusing situations and more. With complementary Q&A sheets that can be downloaded online, these educational aids help generate land surveying discussions in the classroom, at home and beyond. Set against the backdrop of Sydney Harbour, with the Opera House dominating the skyline, this eye-catching and colourful poster places surveying jobs and geospatial studies in a very Australian context – making it the perfect talking point for primary school students. Did we mention that they're freely available online?

Conservation Volunteers - Working towards a world in which people and nature flourish together

We exist to strengthen the health of communities and ecosystems for mutual benefit, across Australia. Through our work, we're building a more harmonious and helpful relationship between people and nature.

People tell us that they want to play their part to re-balance nature, but they don't know where to start. So, for almost 40 years we've been working to give people that opportunity through hands on volunteering.

Now, we're growing our work to empower anyone across Australia to take action for nature through an even wider range of practical activities.

What you can do at home or work to get involved in Landcare

Do you ever think about who cares for your local bushland, waterways or coastline in your suburb? You can be part of a movement who do something every day to make a difference to caring for your local environment.

Did you know research has proven that people who are involved in local groups and volunteer to improve their local environment are happier and healthier?

We know many people are time poor but there are many ways to get involved that don't take up a huge amount of time. Every little bit helps. There's a reason over 100,000 people are already regularly involved. Give it a go!!

Combine Construction and Finance Careers - AIQS Quantity Surveyors Scholarships

Applications Close 31 October

Through the generosity of the late Donald Napier, AIQS is able to support the future leaders of the profession as they begin their university degree.

AIQS offers a number of scholarships each year for Year 12 students who qualify for entry into a Quantity Surveying, Construction Economics, Construction Management (Economics) or other appropriate course at an AIQS accredited university in Australia.

Of the scholarships offered, at least one Equity Scholarship will be awarded to a student experiencing educational disadvantages.

We offer a limited number of scholarships for year 12 students who qualify for entry into an AIQS accredited course in Australia.

The value of the scholarship is AU\$5,000 and includes:

- AU\$4,000 (\$1,000 upon enrolment, \$1,000 after completion of eight units, \$2,000 upon completion of degree). This is paid as cash into your bank account.
- Text books and manuals (published by AIQS) including the Australian and New Zealand Standard Method of Measurement
- AIQS Student membership whilst studying the accredited degree
- AIQS Graduate membership for one year (post graduation).

Future Doctors Australia - A 4 Day Program for ages 14 to 18

10-13 October

July Dates Sold Out!

Gaining medical work experience is essential for young people considering a career in medicine. It provides insight into the field, helps develop skills and attributes, and provides networking opportunities. However, obtaining medical work experience can be challenging due to various restrictions such as limited opportunities, safety concerns, and confidentiality issues.

That's why NIE has developed the "Future Doctors Australia" program. It is an engaging and high-impact 4-day program that provides young people with a unique opportunity to gain medical work experience in a safe and structured environment. Participants will have the opportunity to spend time with current junior and senior medical students. They will also have the rare opportunity to spend time with more senior clinicians and various medical specialists. You will get to learn about clinical's specialist's relevant fields of work, ask them questions, and learn some hands-on skills from them.

How high school Physics can lead to an awesome renewable energy career

Renewable energy engineering careers are growing rapidly as the world moves to sustainable energy – but you'll need physics to apply. As a Brisbane high school physics student in the 50s, a young Martin Green — now a professor and world-famous renewable energy engineer — might have been wondering exactly how he'd end up using everything he learned about atom models and vectors in class.

Warbirds Downunder Airshow 2024

19 & 20 October

Warbirds Downunder 2018 saw the largest gathering of Warbird Aircraft Australia has ever seen, and the 2024 show promises to be just as impressive – with the possibility of some added extras. The full line-up of aircraft will be published as the 2024 airshow approaches, but until then rest assured that Warbirds Downunder 2024 will once again be the largest gathering of Warbird Aircraft in Australia.

More information about Warbirds Downunder 2024 will be published as it is confirmed leading up to the event. To ensure that you stay up to date with all of the latest inclusions and important updates, sign up for our free email newsletter, or like our Facebook page

<https://warbirdsdownunderairshow.com.au>
