

## UAC News

### Important closing dates

There are several UAC closing dates to be aware of this month.

#### Schools Recommendation Scheme closing – 18 September

Student applications for the Schools Recommendation Scheme (SRS) close at 11.59pm on **Monday 18 September**. The first SRS offers will be released on 10 November. Offers made then are not based on HSC results and ATARs. Instead, they are based on criteria like Year 11 results and the school's rating of the student. In some cases, they will be conditional offers, which means that the student still has to meet other criteria, such as achieving a specified minimum ATAR.

The upcoming UAC Digital webinar Let's Chat – Applying to the Schools Recommendation Scheme is at 6pm on Wednesday 6 September. It will cover everything schools and students need to know about applying. If you miss it you can also [watch the recording on YouTube](#).

#### Early bird applications closing – 29 September

Early bird applications close at 11.59pm on **Friday 29 September**, after which UAC's processing charge increases significantly. This deadline is not related to early offers.

If your students aren't sure about what they want to study, we encourage them to submit an application and select any five courses. After they've applied they can change their preferences as many times as they like (for free) before offers are made in late December. Year 12 applicants can also 'commit to pay' using BPAY. Payment must be made, however, in order to have their application assessed and receive an offer.

### UAC PINs

All 2023 NSW HSC and ACT Year 12 applicants have had their UAC PIN emailed to them. To start their application they will need their Year 12 student number (issued through NESA or BSSS) and their UAC PIN. Once they have applied, they can then use their UAC application number and UAC PIN to log in and manage their application.

If students are having problems logging in to their UAC application, they can [read the PIN FAQs](#), but the quickest and easiest way for them to get help is to call Customer Service on [\(02\) 9752 0200](tel:0297520200), 8.30am to 4.30pm Monday to Friday.

**How to apply through UAC**

## Early offers

Students can apply for an early offer through UAC's Schools Recommendation Scheme (SRS) once they've completed their UAC application.

In addition to submitting an SRS application, students can apply directly to individual institutions for an early offer. Our website has a list of institutions that have their own [early offer schemes](#).

## Access and scholarship programs

Applications for the Educational Access Scheme (EAS) and Equity Scholarships (ES) are all open and [application guides are available to download](#).

Encourage your students to apply and provide any required documents for EAS by **Thursday 23 November** to guarantee they receive their eligibility letter by 14 December (before December Round 2) if they wish to change their preferences, and for their EAS eligibility to be considered in December Round 2.

[Watch the 'How to apply for EAS' video](#) for step-by-step instructions on completing an EAS application.

The upcoming UAC Digital webinar [Let's Chat – Applying for the Educational Access Scheme](#) is at 6pm on Wednesday 4 October. You can also [watch the recording on YouTube](#).

## C.A.S. Hawker Scholarship

The 2024 **C.A.S. Hawker Scholarships** open on **Monday 4th December** and close on **Friday 5th January 2024**.

**C.A.S. Hawker Scholarships** are one of the most generous privately funded scholarships available to undergraduate students in Australia. Each residential scholarship is valued at up to **\$60,000** over three years. The scholarships are available to all Australian students. The majority have been awarded to students entering their first year of university studies.

Selection is largely based on personal qualities and demonstrated leadership as well as academic ability. Undergraduate Hawker Scholars are able to attend a range of Australian educational institutions. Four scholarships were awarded this year.

The Charles Hawker Scholarship perpetuates the memory of scholar, soldier and pastoralist Charles Allan Seymour Hawker and commemorates the achievements of one of Australia's most respected statesmen.

In the past decade, **C.A.S. Hawker Scholarships** have been presented by Governors-General **Ms Quentin Bryce AC** and **Major General Michael Jeffery AC**, former Speaker of the House of Representatives **Hon David Hawker AO**, Australian of the Year **Dr Richard Harris SC OAM**, Director of the Australian War Memorial **Dr. Brendan Nelson AO**, NFF President **Ms Fiona Simson** and South Australian Governors the **Hon Hieu Van Le AC** and the **Hon Frances Adamson AC**.

Visit the website [www.hawkerscholarship.org](http://www.hawkerscholarship.org) for information about the scholarship.

## 2024 Indigenous Australian Engineering School

A distinctive opportunity for First Nations students in Years 10-12 in 2024

14-20 January 2024

Dear Careers Advisor/ Indigenous Education Officer  
***Calling First Nations students with a passion for STEM!***

Unlock the incredible world of engineering at the Indigenous Australian Engineering School (IAES) in January 2024.

### **IAES offers:**

- A fully sponsored week-long program
- Attendees can explore various engineering fields
- Site visits and cultural activities
- Networking with industry professionals
- Recreational fun on Sydney Harbour

<b>Eligibility:</b>	First Nations high school students in Years 10, 11 and 12 in 2024
<b>Dates:</b>	14-20 January 2024

<b>Location:</b>	University of Sydney Camperdown Campus
<b>Closing date:</b>	<b>20 October 2023</b>
<b>Online Application:</b>	<a href="#">APPLY HERE</a>

The IAES offers First Nations high school students the opportunity to come to Sydney and explore study and work opportunities within various fields of engineering. All costs including activities, accommodation, flights and meals are fully funded by Engineering Aid Australia and the University of Sydney.

### Application instructions

**Prior to submitting the online application form, please ensure the student has prepared the following:**

- A current passport-sized colour photo of student
- Your school's letter of recommendation or letter of support
- Students latest school results (half-yearly marks/grades are fine if you do not have your end-of-year report before the closing date)
- A copy of student photo ID, such as a passport, driver's licence, student card or proof-of-age card
- Confirmation of Aboriginal and or Torres Strait Islander descent (only signature declaration is required at this stage, but if the student's application is selected, you will need to provide document confirmation).

**The student will also need to prepare responses to the following questions:**

1. What are your strongest subjects at school and why?
2. Why are you interested in engineering?
3. What do you hope to get out of the Indigenous Australian Engineering School?
4. Please provide some information on your Aboriginal and or Torres Strait Islander background.
5. Do you have any other interests and hobbies?

We will notify you and the applicants of the outcome of their application in mid-November 2023.

If you have any Aboriginal and or Torres Strait Islander students with a high aptitude in maths and science that are interested in engineering, please encourage them to apply.

# FREQUENTLY ASKED QUESTIONS

## What is a traineeship?

A traineeship is a type of vocational training (training under a supervisor) where you earn a wage and complete your education at the same time.

A traineeship is just like an apprenticeship, but often takes place in an office environment. These traineeships take 24 months to complete and upon completion you will receive a Certificate IV in your chosen field.

## How does it work?

The NSW Government Infrastructure Traineeships are office-based. If you are successful, you will spend time at a NSW Government agency and private sector industry employers, rotating every 8 months. TAFE NSW classes will be a combination of Classroom Based and Connected Learning, and you will be given 1-2 days during the week to study to complete a Cert IV course and/or attend classes.

## Do I attend classes to study?

You will be given 1-2 days during the week to study and complete your online TAFE NSW course to complete your Cert IV courses. You will do this during the week, within the workplace you are placed.

## What traineeships are on offer?

- BSB40120 – Cert IV in Business
- BSB40920 – Cert IV in Project Management Practice
- PSP40616 – Cert IV in Procurement and Contracting

## What experience do I need?

No prior experience is required. We are after people who have finished school and are keen to start a career.

## Where are these jobs located in NSW?

There are over 140 spots available in the Greater Sydney area.

## How much will I get paid?

If you're successful, you will earn \$38,000 annual salary\*

## When would I start?

If you're successful, you will start in mid-February 2024.

\*Based on NSW Traineeship award wage

#### **Pathways to your dream degree**

Applying for uni next year but worried that you won't meet the ATAR requirements for your dream degree? Most institutions offer pathway options for applicants who don't meet the standard entry criteria for their courses. Often, you'll be able to find a different avenue into the course you're aiming for.

If you don't get an offer into your chosen degree because you haven't met the required lowest selection rank, you could start an alternative undergraduate course with a lower entry rank. Once you've successfully completed the first year of that degree, and have results that will improve your selection rank, you can then apply again for the degree you really want. (See how to transfer to a different degree.)

### University - Institutes

#### **UOW Pre- Medicine Degree**

The Bachelor of Pre-Medicine, Science and Health is a three-year undergraduate degree providing a solid foundation towards graduate medicine, dentistry, veterinary studies, optometry, podiatry, physiotherapy or pharmacy.

Depending on which major/minor you choose, this course also leads to a wide range of postgraduate study or professional career options in the physical and life sciences, allied health or health informatics. High performing students from a diverse range of backgrounds are strongly encouraged to apply, in particular, Indigenous and rural students.

This degree will explore core content for medical school entry including academic literacy, critical thinking skills and an understanding of what it takes to be a successful health practitioner. Extracurricular activities will demonstrate your leadership, dedication, and cooperation. From your first year, you will have opportunities to participate in a wide range of volunteer and enrichment activities in the community. These will assist you in developing real-world skills and ready for a career in health and medicine.

### **UNSW Indigenous Pre-programs**

Applications Now Open

Program Dates: 20 November - 6 December

Discover your path to success

UNSW's Indigenous Pre-programs offer a holistic pre-entry university experience for Aboriginal and Torres Strait Islander students. Our programs are both an alternative entry pathway to UNSW and a degree-specific preparatory program, meaning you can hit the ground running on day one of your degree.

We run Indigenous Pre-Programs in the areas of Business, Education, Law, Medicine, Social Work, or Science & Engineering.

UNSW Indigenous Pre-programs provide you with a stepping stone to your dream degree.

The intensive programs introduce you to university life within a culturally supportive environment. Our programs prepare you for your specific degree and help you understand what to expect as a student.

You will make new and lasting connections with other students, as well as meet inspirational support staff and academics who will answer any questions you have about your studies.

Not only do the Indigenous Pre-programs assess your readiness for university without the need for an ATAR, they also provide preparation and support for your first year at UNSW. If you successfully complete the Pre-program, you may be offered a spot to study at UNSW.

Therefore, our programs also enable you to hit the ground running when you commence as a student. You'll be familiar with the campus, your faculty, and with the community at Nura Gili, who will be there to help you navigate through your studies. The Pre-programs are also designed to examine your aptitude to study at university and allows students to understand the demands of various degree programs. There is no cost for students to take part in a Pre-program.

### **Pathways into Medicine and Dentistry Live Webinar**

13 September

Are you currently studying in years 10, 11 or 12?

Are you considering a career in medicine or dentistry?

If you have answered yes, then you may need to sit a compulsory entry exam known as UCAT (Undergraduate Medicine and Health Sciences Admission Test) before you can apply to certain universities!

The National Institute of Education (NIE) is proud to present the free information seminar all about UCAT and the undergraduate pathways into medicine, dentistry, and some other health science programs. The session is PACKED with loads valuable information during which we will be covering the following topics and more.

This forum is an excellent opportunity for teachers, students, and parents to find out about the UCAT and to have their questions answered by an expert who has been working in the field since 1999.

### **5 Free TAFE Courses For a Rewarding Career in Science**

With fee-free TAFE continuing into 2024, you can try science before committing to a degree

A TAFE qualification could help you transition from school to uni, or it could get you the entry-level position you need to kickstart your dream career in science.

Science is a diverse area and there are many hands-on vocations that you can work in with just a certificate-level qualification. Or, you could choose vocational education and training (VET) as a stepping stone to a Bachelor of Science.

<https://careerswithstem.com.au/5-free-tafe-courses-to-help-you-decide-if-a-science-career-is-for-you>

### **TAFE Careers Guide**

Whatever you're interested in, TAFE NSW has a pathway to help you get the job you want.

Get a head start on a career by completing a TAFE NSW vocational education course, either at school or online, or earn while you learn with a school-based apprenticeship or traineeship. You can also do your post-school studies and choose from a diploma, degree or other pathway to university.

This means you'll be taught by expert teachers with strong industry connections, as well as have access to mentorships, internships and work placements in a real world environment, giving you invaluable experience and a great head start on your career.

<https://www.tafensw.edu.au/school-students>

### **TAFE Degrees**

You don't need an ATAR to study a degree with TAFE NSW, but you will graduate with a qualification that will change your future.

Study a Bachelor degree, post graduate or higher education qualification with TAFE NSW, and graduate with strong theoretical knowledge, practical experience and industry connections that will give you a head start on your career.

Plus if you have previously completed a higher education or vocational diploma or certificate qualification, you may be eligible for credit transfer or recognition of prior learning (RPL) towards your degree, which means you could graduate sooner.
