Try-A-Trade (Building and Construction) Event

The Master Builders Association are considering running a one day event about Building and Construction in 2024.

The event is aimed at giving students the opportunity to hear from Industry experts who have been able to forge a successful career in these trades and to have a “hands-on” experience to further spark their interest in seeking a career in the trades. Students who are given an opportunity to see & try a trade are more likely to consider applying for an apprenticeship, particularly females who may not have thought it was an option for them.

If you would be interested to attend such an event, please email Mr Russell

WiseTech Scholarship

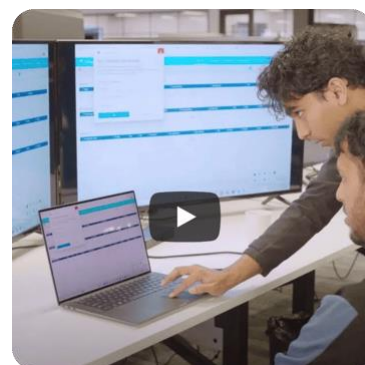

WiseTech Global

Scholarship opportunity for outstanding Year 12 students

Do you know any talented students who might thrive in a career where curiosity and problem-solving lead to success?

[WiseTech Global's Earn & Learn](#) program offers students a university degree, paid real-world experience, and university scholarship funding to give them the best head start possible towards a career in software engineering.

The scholarship is run in collaboration with the University of Technology Sydney's Bachelor of Computing Science – IdeA program, and is designed for current Year 12 students entering university in 2024.

Applications are now open! Students have until **7 November 2023** to submit an application to join the program.

[Click here to find out more!](#)

University of Newcastle News

We invite your Y12 students and their families to join us in November for our upcoming Insight Evenings for further information about our Law, Nursing and Midwifery programs.

Nursing and Midwifery Insights Evenings – Callaghan and Central Coast Clinical School

Please join us to attend our Nursing and Midwifery Insights Evenings. The evenings are an invaluable experience, allowing students to hear first-hand about the nursing and midwifery degrees on offer at the University of Newcastle.

Students will be able to hear from, and speak with, academic staff and current students from the School of Nursing and Midwifery. Students will also have the opportunity to tour the nursing and midwifery labs. This is an excellent opportunity for students to ask any questions they might have about the Bachelor of Nursing and Bachelor of Midwifery.

Nursing and Midwifery Insights Evening - Gosford

Location: Central Coast Clinical School, Gosford

Time: 5:30pm – 7:30pm

Date: Wednesday 8 November 2023

[Register now via EventBrite](#)

Canapés and drinks will be provided.

Nursing and Midwifery Insights Evening - Callaghan

Location: Richardson Wing, Callaghan Campus

Time: 5:30pm – 7:30pm

Date: Thursday 9 November 2023

[Register now via EventBrite](#)

Canapés and drinks will be provided.

Law Insights Evening – NUspace, Newcastle City

The University of Newcastle's School of Law and Justice invites the class of 2023 Year 11 & Year 12 students, teachers and parents to attend our Law Insights Evening. The evening is an invaluable experience, allowing students to hear firsthand about the Law degree on offer at the University of Newcastle.

Students will be able to hear from, and speak with, academic staff and current students from the School of Law and Justice. Students will also learn about our Legal Centre. This is an excellent opportunity for students to ask any questions they might have about the Bachelor of Laws (Honours) program.

Law Insights Evening – NUspace

Location: NUspace Campus, Newcastle

Time: 5pm – 7pm

Date: Wednesday 15 November 2023

[Register now via EventBrite](#)

Canapés and drinks will be provided.

North Construction Internship for Year 12 Leavers

PAID INTERNSHIP – Year 12 Graduate 2023

INTERNSHIP CONSTRUCTION PROJECT MANAGEMENT

North Construction & Building is seeking highly motivated **Year 12 school leavers** interested in a future career in construction project management & procurement, to undertake two weeks fully paid internship at our Tuggerah Head office from the **Monday 5th February – Friday 16th February 2024**.

If you are considering a University pathway into Construction Management, Engineering, Building & Design Management, or Certificate IV in Project Management then don't miss this opportunity.

AMAZING EXPERIENCE

Be the first to experience this amazing hands-on exposure to an introduction to project management in the commercial construction industry. Fully supported by a buddy, you would spend time working on live projects and tenders rotating across various departments of preconstruction, estimating, projects, systems and safety whilst being mentored in practical work skills.

You will gain exposure to construction processes and planning methodology, industry trends, contracts administration, professional communication, leadership techniques, problem solving and understanding the importance of quality, and compliance with Work Health & Safety. You would also be working with the latest build technologies and assisting the various teams working across a variety of projects.

About North: We are a highly reputable organisation based at Tuggerah, Newcastle, Dubbo, Orange, Mudgee and Brisbane and have been recognised as the 17th Best Place To Work in Australia 2021.

What We Build: Schools, Commercial, Hospitals, Government, Affordable Housing & More

How Do I Apply?

Send in your Resume and Cover Letter that tells us why you would like to do an internship with North, why you are interested in construction and what you hope to gain from the experience. Email to: careers@north.com.au

Applications Open Friday 27th October & Close at 5pm Monday 13th November 2023

About North

HEAD OFFICE | Mariners Centre of Excellence, Suite 501, 1 Bryant Drive, Tuggerah NSW 2259

CENTRAL COAST | NEWCASTLE | DUBBO | MUDGE | ORANGE | BRISBANE

Phone 02 4323 2633 | Fax 02 4323 2704 | Email careers@north.com.au | ABN 15 147 507 702 | www.north.com.au

Pathways to Medicine Information Session 2023

Webinar held on September 19th.

We offer multiple pathways to Medicine to support as many aspiring doctors to achieve their career goals as possible. **Watch the webinar recording** to learn more about our **Assured Pathway and Priority Pathway**.

BACHELOR OF ACCOUNTING CO-OP SCHOLARSHIP (BAcc)

The University of Technology Sydney runs Australia's most successful co-op course – the Bachelor of Accounting. Just look at the list of employers who are actively involved with this program:

Allianz Australia	GPT Group	Perpetual
ASX	GrainCorp	Pitcher Partners
Coca-Cola Europacific Partners	Ingham's	PwC
Challenger	KPMG	QBE Insurance
Commonwealth Bank	Lendlease	Stockland
Cuscal	Macquarie Group	THE ICONIC
Dexus Property Group	MA Financial	Thinkmill
Ernst & Young	Mirvac	Westpac Group
Foxtel	News Corp	

These employers together contribute almost \$3 million annually to this one course alone. The reason? Demand for graduates of the course, who are seen as something special, is very high and will continue to be so for many years due to critical skills shortages in business. This is despite tough economic conditions.

The UTS Bachelor of Accounting has the aim of producing potential business leaders of the future via an accounting career.

The main benefits to students who are selected into the Bachelor of Accounting are a tax-free scholarship valued up to \$54,000, a year of full-time work training, and great career prospects with the major employers who support the course. No BAcc graduate has ever missed out on a job, and these job offers are generally made by March of the students' third and final year of study. That might be only 3 years away from where you are now.

Other key benefits of this program, that set it apart from cadetships or other co-op courses, are that it takes only 3 years to complete and that students in the course study, work and play together as a close group of friends throughout that time.

What sort of students are we looking for? All-rounders, achievers and leaders in various activities. Plus you'd need to be interested in a career in business. A high ATAR is not essential, but it will help. Each year we take in students with ATARs in the range 85-100, who have the other skills and experiences to make them ideal business graduates.

And why choose to study accounting? Well, consider that accounting is recognised by big business employers as a highly desirable qualification for graduates to hold, and business leaders today increasingly have this sort of background. This is because the role of accountants has changed radically over the last 10 years; they are now the people called on to analyse the factors behind business success and failure, and who can provide the information needed for critical decision-making.

As a Bachelor of Accounting graduate you will have more potential than virtually any other professional - in terms of long-term employment and salary prospects, rewards and job security, opportunities for travel and working overseas, challenges and job satisfaction.

For further details on the Bachelor of Accounting program, please visit [UTS Bachelor of Accounting](#)

Email enquiries: carin.alberts@uts.edu.au

Round 2 applications close on Friday 13 October 2023.

2024 Indigenous Australian Engineering School

2024 Indigenous Australian Engineering School

A distinctive opportunity for First Nations students in Years 10-12 in 2024

14-20 January 2024

Calling First Nations students with a passion for STEM!

Unlock the incredible world of engineering at the Indigenous Australian Engineering School (IAES) in January 2024.

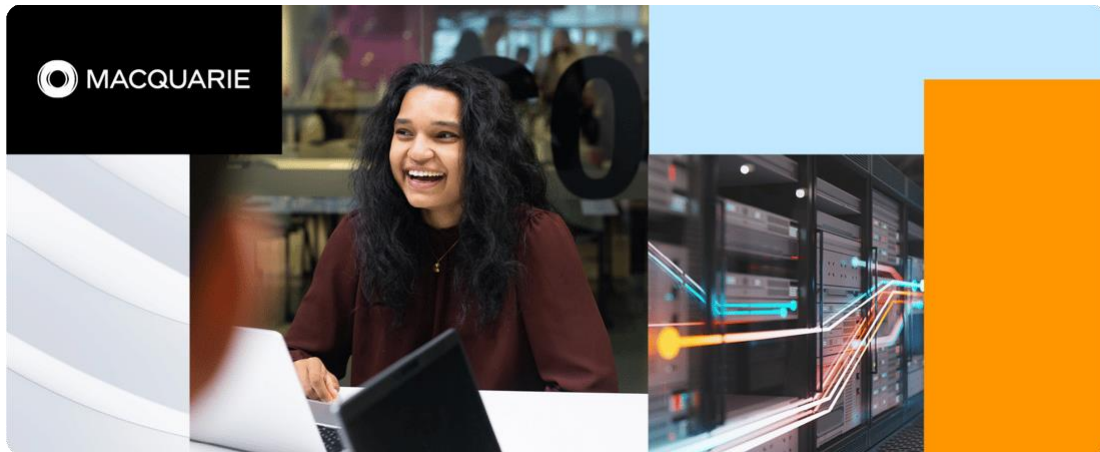

IAES offers:

- A fully sponsored week-long program
- Attendees can explore various engineering fields
- Site visits and cultural activities
- Networking with industry professionals
- Recreational fun on Sydney Harbour

Eligibility:	First Nations high school students in Years 10, 11 and 12 in 2024

Job Opportunities

Technician Opportunity

Junior Technician

Cert III Engineering – TCF Mechanic

Job Location: West Gosford

Earn while you Learn!

Blessington is a leading importer/exporter and distributor of well-known sewing machines and household electrical appliances. We are the Australasian and Pacific Rim Distributor for several well-known brands such as Singer, Husqvarna Viking, PFAFF, Handi Quilter and Ricoma. Having been in the industry for over 30 years, we have been fortunate to build a solid brand name in the industry and grow steadily over the years. With solid plans for further growth in the coming years, we are looking for a junior technician to join our West Gosford team.

Your primary responsibilities while training will include:

- Learning how to diagnose and troubleshoot faults within the machines.
- Learn to perform repairs, maintenance, and enhancements on the machines.
- Liaise with customers on their service requests.
- Occasionally travel with the other techs to do service calls, shows, exhibitions.
- Answer phone calls and emails and learn the procedures of providing the correct information.
- Learn to work with our Dealer network on finding resolutions.

Essential Criteria:

- Mechanical and electrical aptitude.
- Sound communication skills.
- Willingness to learn and work as a team.
- High attention to detail.
- High level of motivation.

What to expect from us:

- We will assist you in achieving your RPL in 'Cert III Engineering - TCF Mechanic'!
- Technical training!
- Future trips overseas to get trained from the manufacturers!
- No two days the same, expect something different every day!
- Career progression opportunities!

To apply, please submit your resume through Seek or you can email us your resume directly to attention:

Technical Service Manager at service.gosford@blessington.com.au

Successful candidates. will be contacted for an interview.

Early Childhood and Aged and Disability Care Opportunity

Coast Community Connections Ltd (Incorp Coast Services Group Limited)

Central Coast Campus Newcastle University
Building B1 Loop Road,
Ourimbah NSW 2258

Mail: PO Box 87,
Ourimbah NSW 2258

Ph: (02) 4343 1888

ABN 52 114 400 301
ACN 603 222 091

13 October 2023

Dear Careers Advisors,

Casual Childcare and In Home Care Worker Opportunities

Coast Community Connections Limited (CCCL) is a registered charity and not-for-profit organisation providing community services caring for the Aged, Disabled and providing Childcare Services.

We are currently have the following open vacancies that would suit year 12 students following the completion of their HSC exams.

1. Casual Educators - Supporting Before and After School and Vacation Care Services at Woy Woy, Point Clare, Kariong and Gosford. No qualifications are required, training is provided.
2. In home Care Workers – Supporting Aged and Disabled Clients across the central coast to remain in their own home. No qualifications are required, training is provided. Part-time and casual opportunities are available.

Educator vacancies would suit year 12 students who are looking to take on further study within the Childcare or early Education fields, or, simply students who enjoy working with children and are looking for a flexible working opportunity at the completion of their schooling.

In Home Care Worker positions are a great way for students interested in nursing, occupational therapy or other healthcare related fields to build skills and work flexibility as they pursue further education. Alternatively, it's an excellent opportunity for those students who do not wish to move onto further education and wish to move into paid and meaningful work straight from school.

I am hopeful you will be able to circulate the attached advertisement in your next careers newsletter or alternatively email it directly to your year 12 students at an appropriate time before or after their HSC examinations.

If you have any questions, I can be contacted on 02 4343 1006 or HR@cccl.com.au.

Yours sincerely,

Cassandra Bickhoff
HR Business Partner

UAC

Pathways to Your Dream Degree

Applying for uni next year but worried that you won't meet the ATAR requirements for your dream degree? Most institutions offer pathway options for applicants who don't meet the standard entry criteria for their courses. Often, you'll be able to find a different avenue into the course you're aiming for.

If you don't get an offer into your chosen degree because you haven't met the required lowest selection rank, you could start an alternative undergraduate course with a lower entry rank. Once you've successfully completed the first year of that degree, and have results that will improve your selection rank, you can then apply again for the degree you really want. (See how to transfer to a different degree.)

University - Institutes

University of Wollongong Summer Master Class 2024

Applications Close 15th October

Our 3-week Summer Master Class program allows you to complete a university subject and secure at minimum a UOW admission interview to kick start your higher education journey.

Students who successfully pass their Summer Master Class subject will at minimum be guaranteed a conditional offer or admissions interview to a degree that aligns to the Summer Master Class subject they complete (noting must meet the assumed subject knowledge criteria).

Credit towards a UOW degree that could make you eligible to skip a whole subject when you study at UOW.

Western Sydney University Youth Music Prize

Closes 20 November

Western is looking for outstanding musical talent – young people interested in being mentored by our Bachelor of Music teaching team and realising their musical ideas in our world class recording studios.

The winning entrant will spend a day being mentored: up to six hours split between workshopping your original piece of music and recording it in our studios. This is a unique opportunity to collaborate with our staff whose expertise ranges from rock and pop songwriting and recording to art music and orchestral composition, electronic music and improvised music.

Additionally, entry carries with it the possibility of being granted fast-tracked admission into our competitive Bachelor of Music!

See the flyer here:

University of Sydney ARTiculate - Ancient History: Pompeii - Recent archaeological research in the ancient city

14 November

Presented by Roman archaeologist Dr Sophie Hay, who is currently working for the Parco Archeologico di Pompei (the Archaeological Park of Pompeii) and is ideally placed to discuss current investigations. Dr Hay is a member of the official social media team of Pompeii and publicly shares the archaeology of Pompeii through the official X account. This talk will review the current research focus within Pompeii, especially following excavations in the Regio V area and recent conservation work on houses across the city. Dr Hay will highlight latest theories and new evidence to assist HSC students with their core HSC Ancient History study of the cities of Vesuvius, including her own recent publication on the hustle and bustle of city life in Pompeii.

University of Sydney ARTiculate Drama: Moving Your Monologue from Page to Stage

23 November

Many HSC Drama students, for their Individual Project, will be taking on the challenge of rehearsing and presenting a monologue performance. In this webinar, staff and students from the University's Discipline of Theatre and Performance Studies (TaPS) will take you through a concentrated version of the whole process, from selecting a suitable script, to understanding its context within the play, exploring your character's actions and objectives, getting the words into your body and onto the floor. Theatre director, Jimmy Dalton, and performer, Apsara Lindeman, will workshop a monologue performance, sharing tips and tricks as they go, with a Q&A session led by Senior Lecturer and Chair of TaPS, Dr Paul Dwyer.

University of Sydney - Studying Design at Sydney Webinar

25 October

Learn about how our new Bachelor of Design (Interaction Design) will provide you with the innovative technical and social design skills to become a leading edge designer in today's fast-paced job market. Find out how your passion for creativity and problem solving can be harnessed for a career in digital and visual design.

https://uni-sydney.zoom.us/webinar/register/WN_5cQ46KdURUeBhBcWxRZl6w#/registration

Studying Science at the University of Sydney Webinar

18 October

Are you an aspiring scientist keen to explore your tertiary study options? Join this information session delivered by Prof Mike Wheatland to learn about what the University of Sydney can offer you. Find out about the wide range of science major options, flexible and specialist degree pathways, career opportunities and the vibrant student experience at Sydney, and more.

https://uni-sydney.zoom.us/webinar/register/WN_E0plb0ULQrazSP2QJDpgTA#/registration

University of Sydney Bridging Courses for Maths and Sciences

Before Year 12's go into full study-mode, we wanted to flag that we have some support courses for students wanting to enter into tertiary education but need some background knowledge in Biology, Chemistry, Mathematics Ext 1 and Physics. These courses don't open until next year, but students can sign-up to the Bridging Course Mailing List for updates, and check out some course details on our Bridging Course webpage.

<https://www.sydney.edu.au/students/bridging-courses.html>

University of Sydney Camden Campus Open Day for Year 10-11 Students

10 November

Register your Year 10-11 classes for an interactive visit to the University of Sydney's Camden Campus to explore study and career pathways in real and applied agricultural sciences.

The day will include a visit out to the active cattle and mixed enterprise facilities of John Bruce Pye Farm where all students will experience cutting-edge precision agriculture, animal handling practices and visit some resident cows on the farm.

The other half of the day will include three interactive workshops chosen by the school from a variety of topics. The workshop descriptions will be finalised and sent to registered schools in Term 4, and include sessions on:

- Soil health
- Fish farming
- Veterinary practice
- Poultry nutrition
- Plant productivity
- Animal welfare
- And more!

University of Sydney - Science Extension Workshop

13th & 20th October

You and your HSC Science Extension students are invited to join us for an engaging and informative day to prepare them for their own exciting dive into authentic scientific research. This workshop will guide them through the essential steps to kickstart their scientific research project.

During this on-campus workshop, students and teachers will have the opportunity to:

- Gain valuable insights into the format of the HSC Science Extension course from NESA
- Explore best scientific practices and understand the foundational principles of scientific research
- Learn how to brainstorm for topics and select their own research ideas
- Hear firsthand experiences and tips from Science Extension alumni who successfully managed their HSC year
- Network with University researchers and Science Extension mentors from across the Faculties of Science, Engineering and Medicine & Health

By the time your students leave, they should have the confidence and knowledge they need to embark on their own exciting journey into authentic scientific research.

This event is also available online: <https://www.eventbrite.com.au/e/2023-online-science-extension-workshop-tickets-709248690927>

University of Sydney HSC Consultations for students in Society and Culture and Aboriginal Studies

Expression of Interest now open

The Faculty of Arts and Social Sciences has proudly established the HSC Society and Culture Personal Interest Project (PIP) and the HSC Aboriginal Studies Major Project consultation programs to assist students with their research projects. In these programs, our academic staff and students facilitate consultations to support HSC students to

enhance their analytical skills, provide guidance and feedback in topic selection, and key principles in conducting ethical research.

<https://www.sydney.edu.au/arts/industry-and-community/high-school-engagement/hsc-consultations.html>

ANU College of Law - Ask us anything

25 October

29 November

Join us for our upcoming drop-in session, where you will have the opportunity to speak with current students and faculty members to get an inside look at what it's like to study law at The Australian National University.

This is a casual, come-and-go event where you can drop in and ask anything you would like - from admissions and scholarships, to study plans and specialisations (and everything in between). We will be on hand to answer your questions and provide information on our programs, courses and resources.

Don't miss this opportunity to get a firsthand look at what it's like to study law at the ANU College of Law.

<https://www.anu.edu.au/events/anu-college-of-law-ask-us-anything>

University of Newcastle - Yapug

If you're an Aboriginal and or Torres Strait Islander person and aged 17 years* or over, Yapug is your key to university! Offered at the Newcastle Callaghan campus and Central Coast Ourimbah campus, Yapug is a pathway program designed to help Aboriginal and Torres Strait Islander people gain skills for entry into undergraduate degrees at the University of Newcastle.

Yapug will help you develop the academic skills and self-discipline required for success in undergraduate study. This specialty pathway program is specifically for Aboriginal and Torres Strait Islanders wanting to:

- Gain guaranteed admission to over 40 undergraduate programs at the University of Newcastle
- Develop the academic skills necessary to succeed at university level;
- Become familiar with the University of Newcastle and its environment; and
- Develop different learning methods and skills, including problem-based learning, whilst enjoying a supportive learning environment (culturally, personally and academically).

<https://www.newcastle.edu.au/study/pathways/yapug>

University of Newcastle TAFE to Uni Webinar

26 October

Are you looking at studying a university degree after completing TAFE or another vocational qualification?

We invite you to join us for our TAFE to Uni webinar via zoom and hear why TAFE is a popular pathway into University.

Tune in to hear from our admissions staff and student ambassadors that will cover the following topics:

- Info about our University
- How to apply
- TAFE and other vocational qualifications entry pathway
- Scholarships and jobs on campus
- Support and services

Our student ambassadors will share their experiences coming to Uni via the TAFE pathway, and there will also be plenty of time for you to ask any questions. We hope that you can join us!

<https://www.newcastle.edu.au/events/future-students/tafe-to-uni-webinar>

CSU Accommodation Applications Now Open

Applications Close 31st October

Everything is on the doorstep when you live on campus – you're at the heart of things!

We have accommodation on all six campuses, offering a great mix of country and city living in a safe and supported environment.

Popular options fill up quickly, so it's recommended that you get in early.

<https://study.csu.edu.au/why-charles-sturt/accommodation>

CSU Transgrid Civil Engineering Scholarship

Applications Now Open

The new Transgrid Scholarship Fund will support 100 Charles Sturt engineering students over a four-year period and will supply them with \$20,000 each to put towards the cost of their study.

The \$2 million-dollar multi-focused scholarship is open for ALL commencing students undertaking a Bachelor of Engineering (Civil) (Honours) or a Bachelor of Technology (Civil) / Master of Engineering (Civil) at Charles Sturt.

<https://www.csu.edu.au/engineering/transgrid-scholarship>

Southern Cross Scholars Program

The Southern Cross Scholars program challenges motivated and academically capable Year 11 & 12 students with university-level learning.

This free program offers you the choice of a subject of interest and the chance to experience university life at one of our campuses or online. You'll also gain advanced academic skills to help you blitz Years 11 & 12.

Successful completion of the program puts you in the running for a generous scholarship that can make your uni goals that much sweeter.

<https://www.scu.edu.au/engage/southern-cross-advance/scholars-program/>

University of Newcastle Joint Medical Program - Miroma Bunbilla Program

For Aboriginal and Torres Strait Islander applicants, the Miroma Bunbilla Program is a pre-entry pathway to Joint Medical Program held from Monday 4 December to Friday 8 December 2023. If you are currently studying and/or meet the academic requirements you may be eligible to participate in the Miroma Bunbilla Program. Participants are required to attend all scheduled sessions within the 5 day Miroma Bunbilla Program. Should you miss any scheduled activity you will not qualify to be considered for entry to the JMP through this pathway.

The Miroma Bunbilla Program 2023 will be delivered face-to-face. The program is designed to give you an insight into studying medicine in the JMP. You'll learn about the skills required in the program and participate in problem-based and group-based learning. Participants will collaborate and complete assessment tasks via online study groups. Participants will have the opportunity to participate in the program at either the University of Newcastle (Callaghan) or the University of New England (Armidale).

<https://www.newcastle.edu.au/joint-medical-program/aboriginal-and-torres-strait-islander-students/miroma-bunbilla-program>

Notre Dame Young Achievers Early Entry Program - Closing Soon!

Applications Close 30 September

Notre Dame's Early Offer 2024 program is for year 12 school-leavers completing the ATAR pathway. If you are currently in year 12 completing the ATAR pathway, you have the opportunity to secure a spot at the university that emphasises the whole person. Early Offer applications will need to include your Year 11 and Year 12 school reports and we base your eligibility on your predicted ATAR. You can find out more about our Early Offer minimum academic entry requirements for our programs on our website.

<https://www.notredame.edu.au/study/early-offer/early-offer>

CQ University Principals Recommendation Scheme

Closes 1 December

Our Principal's Recommendation Scheme (PRS) provides an early entry pathway for Year 12 students to apply to an undergraduate CQU course based on their high school principal's recommendation rather than ATAR. Students can receive an offer within 48 hours of submitting their application - without waiting for their Year 12 results.

Open to all Year 12 students; the Scheme is designed to assist capable students to access entry to CQUniversity; it in no way provides relaxation of the quality and academic standards that students must meet to complete their degree successfully.

<https://www.cqu.edu.au/study/high-school-students/principals-recommendation-scheme>

UNSW Young Women in Engineering Club

The UNSW Young Women in Engineering Club is a fun, inspiring community for high school students interested in STEM.

We provide opportunities to explore the diverse fields of engineering where you can connect and share ideas with fellow high school students, and hear from inspiring role models such as UNSW Engineering students and women engineers who are already making their mark on the world.

<https://www.unsw.edu.au/engineering/study-with-us/young-wie-club>

UNSW Indigenous Pre-programs and IAS applications are open

Applications Close 3rd November

Program Dates: 20 November - 8 December

UNSW's Indigenous Pre-programs offer a holistic pre-entry university experience for Aboriginal and Torres Strait Islander students. Our programs are both an alternative entry pathway to UNSW and a degree-specific preparatory program, meaning you can hit the ground running on day one of your degree.

We run Indigenous Pre-Programs in the areas of Business, Education, Law, Medicine, Social Work, or Science & Engineering.

UNSW Indigenous Pre-programs provide you with a stepping stone to your dream degree.

The intensive programs introduce you to university life within a culturally supportive environment. Our programs prepare you for your specific degree and help you understand what to expect as a student.

You will make new and lasting connections with other students, as well as meet inspirational support staff and academics who will answer any questions you have about your studies.

Not only do the Indigenous Pre-programs assess your readiness for university without the need for an ATAR, they also provide preparation and support for your first year at UNSW. If you successfully complete the Pre-program, you may be offered a spot to study at UNSW.

Therefore, our programs also enable you to hit the ground running when you commence as a student. You'll be familiar with the campus, your faculty, and with the community at Nura Gili, who will be there to help you navigate through your studies. The Pre-programs are also designed to examine your aptitude to study at university and allows students to understand the demands of various degree programs. There is no cost for students to take part in a Pre-program.

<https://www.indigenous.unsw.edu.au/future-students/pathways-unsw/indigenous-pre-programs>

La Trobe University Sydney Learn how to build a Whac-a-Mole game!

SciX@UNSW 2024

Register by 12 November

Event runs January 15

The SciX@UNSW program is designed to support passionate high school students who are eager to delve into scientific research. Join one of our research groups and conduct an independent research project, ideal for HSC Extension Science, IB independent projects, or as a taste of a career in research science. The projects are overseen by our academic research staff and are delivered primarily by our graduate research students. They will introduce you to cutting-edge research tools and methodologies and guide you as you extend your scientific skills.

The centrepiece of the SciX experience is a one-week intensive summer school and SciX 2024 will take place on 15th - 19th January 2024. During the SciX summer school week, you will be involved in hands-on research lab and workshop sessions, learning new science and new techniques in data creation, collection and analysis that will enable you to get a great start with your project.

<https://www.eventbrite.com.au/e/scixunsw-2024-registration-687718503557>

UNSW National Indigenous Business Summer School

Applications Close 23 October

UNSW Business School is proud to again be hosting the National Indigenous Business Summer School from 14 - 19 January 2024.

The National Indigenous Business Summer School (NIBSS) is a Cultural leadership immersive experience for Indigenous high school and TAFE students in years 9, 10, 11, and 12 thinking of entering the world of business, industry and/or entrepreneurship.

Throughout the program, students will meet Indigenous entrepreneurs, community leaders, business academics and industry professionals. Through workshops, company and site visits students will get hands on experience through working on a real-life business sprint.

<https://www.unsw.edu.au/business/about-us/equity-diversity-inclusion/indigenous-engagement>

University - General

Bond University - Medical Program Information Session for 2024 Intake

15 November

The Bond University Medical Program offers students opportunities to bring to life their ambitions to become outstanding practitioners, thinkers, and leaders, well-equipped to deliver evidence-based, patient-centred health care that meets the needs of a diverse community.

If you missed out on our last webinar in November or would like a refresher, we invite you to join the Dean of Medicine who will provide an overview of the Medical Program at Bond University. Get the answers to all your questions during this information and interactive chat session. It's your opportunity to ask the important questions, explore your options and discover if Bond University is the right fit for you.

Your information session topics of discussion:

- Entry requirements and tuition fees
- Program structure and subjects
- How to apply and the admissions process
- Upcoming key dates
- Pathways into the program

<https://bond.edu.au/event/5963/medical-program-information-session-for-2024-intake>

UCAT Early Interview Training

Every year we meet a lot of students expressing their regret and disappointment for leaving Interview preparation until the actual period when the interview offers are made. The big issue with this is that quite often there is simply not enough time for adequate preparation between the time when the interview offers are made and the actual interview date.

Just as with the UCAT, we cannot stress enough that students cannot underestimate the medical interview or take it too lightly. Furthermore, it is a highly competitive forum where the student will be assessed against other candidates who have not only aimed as hard to achieve their goals but are also just as sincere and strong-minded in their desire to be interviewed successfully.

<https://www.nie.edu.au/medical/umat-interviews/head-start-interview-training>

TAFE

Autosports Group Apprentice Program

Launch your career with the Autosports Group apprentice program, an opportunity to develop your skills while working with some of the world's most exciting and well respected automotive brands.

An apprenticeship at Autosports Group provides individually tailored training and learning experiences, delivered in a realistic working environment under the guidance of qualified industry professionals.

At Autosports Group, we offer four different qualifications:

- Certificate level III in Light Vehicle Mechanical Technology*
- Certificate level III in Parts
- Certificate level III in Paint
- Certificate level III in Panel

And you also have the option of furthering your trade by undertaking additional qualifications in Auto Electrical, Parts Interpreter, Service Advisor, Body Repair Technology or Paint Refinishing.

<https://autosportsgroup.com.au/careers/apprentice-program/>

Volvo Apprenticeship Program

The Volvo Apprenticeship Program is designed to train and develop apprentices to keep pace with advancing technology and high levels of customer service. It spans four years, with three years as block release at the Volvo Training Centre, and consists of a variety of workplace and off-the-job training.

Your career will be given full support to help you successfully complete the Program. Few businesses can offer their employees such diversity, challenges, excellent training and career development prospects.

Every apprentice is encouraged to demonstrate initiative and contribute his or her own ideas for improving customer service and developing the business. But this approach requires a special type of person. You must have the ambition to contribute and succeed in a fast-paced, results oriented environment and strive to be the best in everything you do.

<https://www.volvocars.com/au/l/apprenticeship-program/>

Master Builders Association of NSW Pre-Apprenticeships

Register your interest for the course starting 27th November.

Want to be a carpenter? This is your best first step.

Master Builders will help prepare you to become the best 1st-year carpentry apprentice.

This 3-week entry level training program provides an introduction into both the industry and a carpentry trade prior to commencing an apprenticeship.

This 3-week entry level training program provides an introduction into both the industry and a carpentry trade prior to commencing an apprenticeship.

<https://www.mbaapprenticeship.com.au/mbas-pre-apprenticeship-program/>

Women in Construction

Think the Building and Construction Industry is not for women? Think again. Want information about how you can start a career in the industry? You've come to the right place.

Master Builders NSW is committed to an industry that is diverse, equitable and inclusive. In 2022, we have record numbers of female apprentices in our programs. Of all MBA NSW carpentry apprentices 8% are female. This is more than double the industry NSW average of 2%.

We are excited to deliver Pre-Apprenticeship Programs to recruit, train and support more women in building and construction than ever before.

Our programs are suitable for those finishing high school, changing careers, or looking to re-enter the workforce. Gain an understanding of the building and construction industry and a carpentry trade prior to commencing an apprenticeship.

Traineeships for School Leavers Working in Community Services

LiveBetter provides traineeships for senior school students and school leavers who would like to work in the community services sector.

It's a valuable opportunity to improve the lives of others while embarking on a fulfilling career in aged care, disability care or other business areas in a regional community services organisation.

We offer School-leaver Traineeships across our NSW geographic footprint, depending on the capacity of our service teams.

Taking place in the year after your final year of high school, it can be either full time or part time and lasts for 12 months. Depending on your location, we offer traineeships in both aged and disability care or other areas of the organisation, such as business administration, Early Childhood or IT. You will work alongside a buddy with full-time supervision in a supportive environment.

School-leaver Traineeships combine on the job experience with formal study/training at a Registered Training Provider (RTO) such as TAFE.

<https://livebetter.org.au/work-with-us/traineeships/>

Murrumbateman Field Days

21 October

Visit us at the the largest agri-tourism event in the Yass Valley.

Teachers and staff will be available to answer all your questions regarding studying agriculture at TAFE NSW.

We look forward to meeting you there!

<https://www.tafenswevents.com.au/event/murrumbateman-field-days>

Childhood Education Careers Day

25 October

The event is for students considering a career in the high-demand industry of Early Childhood Education. Our campus is a learning hub and industry leader in Early Childhood Education, and during the Careers Day you can speak with childhood educators and several employers. You can also learn about our courses (Cert III, Diploma and Degree), traineeships and career pathways.

<https://www.tafenswevents.com.au/event/childhood-education-careers-day>

Australian National Field Days

26 October

The Australian National Field Days (ANFD) is the oldest annual agricultural exhibition in the country. Established in 1952, the ANFD continues to offer visitors a unique insight into the future of agriculture with the commitment to Advancing Australian Agriculture.

More than 600 exhibitors travel to the Borenore site (15kms west of Orange, NSW) from all over Australia and internationally to display their products and services during the three-day event.

<https://www.tafenswevents.com.au/event/australian-national-field-days-7>

AMPA - How To Apply

Auditions available in November and December

Take the lead and join one of Australia's leading providers of music and performing arts education. There are 3 intake periods for you to start your journey with AMPA:

Intake 1 (Jan/Feb) | Intake 2 (May) | Intake 3 (Sep)

How should I prepare? Choose your audition pieces carefully and know them well. Choose songs that you feel most confident with and that show off your full range of skills. Feel free to utilise backing tracks and accompaniment.

Most importantly, relax and enjoy the process! If you have any questions beforehand, please feel free to get in touch with our friendly Admissions staff on 02 9310 3111 or by emailing admissions@ampa.edu.au

<https://www.ampa.edu.au/index.php/future-students/how-to-apply>

William Angliss Institute Scholarships Closing Soon

Closing 5 November

Don't miss out on the chance to apply for scholarships valued at up to \$4,000 at William Angliss to help support students through your educational journey. Scholarships are awarded on the basis of both academic merit, or financial need.

The William Angliss Institute Foundation provides educational opportunities and financial assistance to support disadvantaged students in achieving their career ambitions. The Foundation has been established in recognition of the pioneering work in the areas of hospitality and foods by the late Sir William Charles Angliss.

Through a scholarship fund built on the generous support of our many friends and industry partners, the Foundation provides ongoing assistance to students and the wider community through the establishment of various scholarship programs across the Institute.

<https://www.angliss.edu.au/study-with-us/scholarships/>

William Angliss Institute Scholarships Workshops

12 & 23 October

Online

Attending this session is a must before you apply for this round of scholarships! By attending, you'll receive a rundown of the application process, scholarship requirements, some key dates, and ways to improve your application.

<https://www.angliss.edu.au/study-with-us/scholarships/>

<https://www.aapathways.com.au/aatis-blog/cyber-security>

Is the Aged Care sector right for me?

Have you been thinking about a career in Aged Care but not sure what to expect? As we continue November's Job of the Month, Di Dayhew, CEO of the National Apprenticeship Employment Network (NAEN) has a chat to the MyGain with AATIS podcast all about this industry.

<https://www.aapathways.com.au/aatis-blog/is-the-aged-care-sector-right-for-me>

Wesley Youth and Young Adult Support

Through a range of programs we can help you:

- access safe and affordable accommodation
- get support for mental health, addictions, family breakdown and/or financial stress
- access appropriate services and advocate on your behalf
- explore options for medium and long-term housing
- discuss and explore pathways to employment
- develop a rental accommodation assistance plan

We operate in locations across Sydney's Inner West, as well as the Mid North Coast of New South Wales and Coffs Harbour. As well as accommodation support, Wesley Mission has a range of support services in each region to help young people facing homelessness or other hardships

<https://www.wesleymission.org.au/find-a-service/teenagers-and-young-adults/>

Wesley Support - Mental Health Support

Emotional wellbeing is just as important as your physical health. Good mental health allows you to develop the resilience to cope with whatever life throws at you and grow into well-rounded, healthy adult.

Assistants in Nursing - Their Important and Growing Role

Anyone who relishes the idea of caring for people as a living may decide that a career in the medical world is a good choice. However, not everyone is suited to becoming a medical professional such as a doctor, nurse or physiotherapist. For people who want to help, without having one of these roles, there is the option of becoming an assistant. For instance, there are Allied Health Courses which people can take in order to qualify for a role in assistance. Allied health assistants provide assistance to health practitioners including physiotherapists, occupational therapists, podiatrists, speech pathologists and dietitians. Another option is to become an assistant in nursing.

Things to Consider Before Getting Started in a Physio Career

Physiotherapy is a great career choice if you're interested in helping people recover from injury or illness. But before you decide to become a physiotherapist, you should consider a few things. Sure, physiotherapy sounds cool but is it the right career for you?

Here, we will provide more information on the job outlook for physiotherapists, the educational requirements for this profession, and what kind of salary you can expect to earn. We'll also discuss some of the benefits of working as a physiotherapist so before you take the plunge, here are a few things to consider.

<https://www.myhealthcareer.com.au/physiotherapy/things-to-consider-before-getting-started-in-a-physio-career/>

How to Transition to Tertiary Education - Helpful Hints for People with Autism Spectrum Disorder.

Congratulations on deciding to undertake tertiary study at university or TAFE. You will encounter many changes with this transition: a new physical environment, different teaching and learning approaches, and new expectations of you as a student.

Coping with change and transition can be difficult for many people, and if you are on the Autism Spectrum you may find it particularly challenging.

The information was developed as two booklets. These booklets discuss many changes to expect, but cannot predict all possible changes you may experience. Each university or TAFE is different; each campus is different; the staff are different; the students are different; and the way you experience it may be different as well. Nevertheless, a good logical approach to planning will help you cope with the transition

<https://www.adcet.edu.au/students-with-disability/autism-transition>

Microsoft Traineeship Program - IT Traineeship

Applications now open

The Microsoft Traineeship Program is designed to support budding IT professionals to take the first step in their career. This is an opportunity to gain paid work experience in the IT field while gaining the nationally recognised qualification: Certificate IV Information Technology (Networking), in addition to the latest Global Microsoft certifications as part of the Azure Administrator Certification Track.

If you are successful in joining the Microsoft Traineeship Program, MEGT becomes your legal employer and you will be hosted with one of our clients from the Microsoft Australia partner network.

<https://www.megt.com.au/jobs/rms/jo000076292>

Reminder - AIQS Scholarships – closing soon!

Applications close 31 October 2023

AIQS offers a number of scholarships each year for Year 12 students who qualify for entry into a Quantity Surveying, Construction Economics, Construction Management (Economics) or other appropriate course at an AIQS accredited university in Australia.

Of the scholarships offered, at least one Equity Scholarship will be awarded to a student experiencing educational disadvantages.

<https://www.aiqs.com.au/donald-napier-scholarships>

LetzLive Gap Year

As industry leaders and a respected partner of prominent schools, we provide overseas Gap Year opportunities for young people across the world. Since embarking on our own Gap Year, we can personally relate to the experiences had by our participants and provide ongoing support every step of the way with full-time staff located in Australia, New Zealand and the United Kingdom. We believe the support we offer and how we place participants based on their skills and preferences are just some of the reasons why we are leaders in the Gap Year field.

Over the years we have established solid relationships with over 200 prominent schools globally and several hundred placements annually. Let us guide you through the whole process so you can begin the best year of your life.
