## Top jobs in demand have VET pathways

The Hon Brendan O'Connor MP

Minister for Skills and Training

Nursing has topped the list of workers in demand as the Albanese Government's Fee-Free TAFE program continues to give hundreds of thousands of Australians the opportunity to obtain skills that give them access to long-term, stable, and well-paid jobs.

With more than half of the 2023 Skills Priority List top 20 occupations in demand nationally having direct VET pathways it's never been a better time to look at skilling up or changing careers with the government funding an additional 300,000 Fee-Free TAFE and VET places from January next year.

Nurses, software programmers, motor mechanics, child carers, aged and disability carers, metal fitters, electricians, social workers, chefs and construction managers are all examples of occupations on the top 20 list with direct VET entry pathways.

Top 20 occupations in demand
Registered Nurses
Advertising and Sales Managers
Software and Applications Programmers
Generalist Medical Practitioners

## Academic Insights Program... 3 - 13 January at Sydney Uni

The National Institute of Education (NIE) Australia has partnered with Immerse Education to bring you the Academic Insights Program for **Medicine, Psychology, Veterinary Studies, Engineering, International Relations, Business Management, and Creative Writing**

The Academic Insights Program is designed to work as an instant accelerant to boost and fast-track the development of individual drive and motivation. The program will see students live and study at Australia's top-ranked university, The University of Sydney. Just like university students, participants will attend lectures, tuitions, complete a research assignment, and of course, be involved in an array of social and cultural activities. As this is a residential program, students will be living at St Paul's College (University of Sydney) residential facility for the duration of the program.

The academic components of the program will be facilitated by academics from Oxford and Cambridge Universities, who will fly in and stay for the 10-day duration of the program. In addition to all other activities, students will be receiving a Certificate of Completion, a detailed personalised performance review, and a personalised letter of recommendation, which they can use for applying to universities and various scholarship programs.

### Program Inclusions:

- 10 nights' accommodation in a college at the University of Sydney
- Breakfast, lunch, and dinner in College Hall
- Accommodation in an individual bedroom
- 35 hours of academic sessions from Oxford University and Cambridge University tutors
- Carefully designed study and lecture materials
- Mentor program and access to support material
- Formal hall dinners at the University of Sydney
- Visits to iconic landmarks including Sydney Opera House, Darling Harbour, and the Taronga Zoo
- Cultural and social activities including Australian Football, Cricket, and opportunities for BBQ
- Graduation ceremony and certificate
- A detailed evaluation is written by the tutors
- Mentor family photograph
- Free premium membership to UniPrepare's 'Nurture' plan

**For more detailed information about the cost and how to enrol please visit:**

### Vocational education and training (VET) and apprenticeships

Students looking to gain practical work skills or a targeted qualification towards a particular occupation can explore a wide variety of VET programs and courses. VET offers flexible, affordable training options and can sometimes be combined with senior secondary study or even create a pathway to university.

- [Learn more about VET.](#)

Apprenticeships in particular offer nationally recognised VET qualifications and paid training pathways to hundreds of different careers, from traditional trades through to new and emerging occupations.

- [Discover Australian apprenticeships.](#)

### Alternative pathways to university

In addition to VET, other pathways such as bridging or enabling courses may be a possibility for students aspiring to university who don't think they'll qualify for direct entry into their preferred course.

- [Explore alternative pathways to higher education.](#)

### Gap years

Deferring future study is a big decision and it may not be an option for everyone. However, students planning a gap year before commencing post-school education can still make it productive for their career.

- [Gap years: making them work for you.](#)

### Seeking employment

Students looking for work during secondary school or beyond, as well as those considering an apprenticeship, can learn how to find opportunities, produce quality applications, prepare for job interviews and more.

- [View job seeker resources, tips and templates.](#)

### Still exploring career ideas

Completing the activities in *My career profile* helps students identify their interests, skills, study preferences and more, and suggests a list of occupations for them to explore career pathways, training options and future employment prospects. Activity results can also be shared with teachers or others to support further career conversations.

### APPLYING FOR NSW GOVERNMENT ROLES...

Be sure to answer the two target questions on the job application in [iworkfornsw](http://iworkfornsw). Give an example of the situation, what you did, how you did it and the outcome!!

"After finishing year 12, I had no idea what direction life would take me in but I knew I wanted to do something meaningful with my life. 12 months later, I applied for a civilian role with the NSW Police Force. Over 20 years later I'm still working in a rewarding career within NSW Police Force, and all as a civilian, unsworn employee. I've worked several different roles in different locations and taken advantage of many different promotional opportunities" – Kat

### TYPING SKILLS

If you are not fast at typing, there are many programs online you can use to practice and improve your speed and accuracy. Ideally this job is much easier if you are typing above 35 words per minute.

### COMMUNICATION

We teach you everything you need to know about how to take and respond to emergency calls. It's ideal if you are a good communicator as you will be asking lots of questions to ascertain what situation your caller is in, how you can help them, clarify information for police who may be on their way and keep them updated. Sometimes this is happening all at once so it's important you can speak clearly with confidence.

### Western Sydney University Ignite Indigenous Traineeship Program

The Western Sydney University Ignite Indigenous Traineeship Program is delivered by the Office of the Deputy Vice Chancellor Indigenous Leadership (ODVCIL) and provides a vocational pathway for Indigenous participants to gain paid experience in university operations as business administration trainees.

Participants are employed as professional staff members and will acquire a unique business skillset from a host School, Division or Institute within the university. The program offers a one-year fixed term of employment in combination with enrolment into a Certificate III in Business Administration traineeship.

While employment following the traineeship is not guaranteed, trainees will be encouraged and supported to apply for ongoing or fixed term employment and/or further study opportunities.

We welcome all interested Australian Indigenous people to apply for this valuable employment opportunity.

### **Mechanical and Mechatronic Engineering at Sydney**

22 November

If it excites you to know how things work, then studies in Mechanical or Mechatronic Engineering could be for you. Mechanical engineers use a knowledge of movement to design and improve mechanical components and systems. This is a diverse area in high demand, particularly as we try to find solutions for problems like climate change and supply chain issues. Similarly, Mechatronic engineers have a vital role to play in the age of advancing technologies. They combine mechanical, electronic, and software engineering to create computer-controlled machines (yep, that includes robots). Our degrees emphasise practical learning, industry experience, and ensure that you graduate ready for the work force with full accreditation. Join our webinar to find out more about Mechanical and Mechatronic Engineering at Sydney.
