Master Builders Association Talk to Year 10

A guest speaker, Candice, from the Master Builders Association talked to Year 10 during their Year Meeting on 16 November.

Apprenticeships to be a carpenter take four years and include a three year training course at Certificate 3 level. For those who finish their apprenticeship, they can go on to be a qualified builder.

Work can involve residential or commercial projects.

The Master Builders Association offer a Pre-apprenticeship program as an introduction to a carpentry / building career. The Pre-apprenticeship program covers six competencies from the Certificate 3 qualification.

There has never been a better time to start or continue your apprenticeship or traineeship. Let Master Builders help you become the best apprentice or trainee you can be.

The building and construction industry has been identified by the Government as a skills priority. This means the industry needs more people to join in a workforce that is diverse and provides job security.

With Master Builders, apprentices and trainees can be assured that they are fully supported every step of the way:

- You'll be provided with entry level skills and safety training before you start work
- We'll place you with a fully screened host employer to get the most out of your on-the-job training
- You'll have access to a dedicated field officer for mentoring and support
- You'll get paid weekly and we'll ensure you get all your allowances and entitlements
- We'll provide you with career advice to help you choose your apprenticeship or traineeship pathway.

Contact us

02 8586 3533

www.mbaapprenticeship.com.au

We understand that choosing a career path is a big decision. If you are a school leaver looking for employment or if you are looking for a career change, a Master Builders **Pre-Apprenticeship Program** could be for you. The program gives you an introduction to the building industry and a Carpentry trade prior to commencing an apprenticeship. Pre-Apprenticeship Training Programs are held at the Master Builders purpose-built Education Centre in Norwest.

You will learn how to:

- Safely use hand and power tools
- Take measurements and calculations for project work
- Build a small timber project
- Work safely on site

The Master Builders Pre-Apprenticeship Program earns you 6 units of competency towards the CPC30220 Certificate III in Carpentry when you start your apprenticeship.

**Whoever you are. Whatever your story.
A Master Builders Apprenticeship might
be the best decision you ever make.**

- Earn while you learn
- Gain a nationally recognised qualification
- Great work-life balance and lifestyle
- Join a growing industry
- NO student loans!

Interested in Being an Electrician...?

About working in the electrotechnology Industry

If you are searching for an exciting career, one that opens the door to a huge range of opportunities, electrotechnology could be for you.

At NECA we're here to help you complete a national qualification that supports a career in the electrical industry: electrical & communications, data, fibre, coax cabling, security, home automation, renewable energy, construction, air conditioning, fire protection, building management systems and more - keeping pace with the industry's fast evolving nature.

Once qualified, you can work in one of the world's most dynamic industries, start your own business or take your trade and work anywhere in the world.

"Consider an electrical career today and try out the Electrical Pre-Apprenticeship Program for Women"

About NECA Training & Apprenticeships

NECA Electrical Apprenticeships is a company founded by the National Electrical and Communications Association (NECA) to promote the employment of young people in the electrical trade.

NECA Training & Apprenticeships has been operating since 1988 - we know the industry and have trained thousands of apprentices.

As a NECA apprentice, you will be placed with a host employer who will provide your on-the-job training. You will also attend NECA's Centre of Excellence to complete your studies.

1st Year Apprentice Farrier

- Full time role located at different sites on the Central Coast & Sydney
- PAID to study a Certificate IV in Farriery
- Immediate start

Are you passionate about horses & ready to start an exciting career in the equine sector?

As an apprentice Farrier, you will have the exciting opportunity to work alongside experienced farriers, vets, horses & their owners developing invaluable skills in the age-old craft of farriery.

ABOUT CCGT:

The Coast's leading employer of Apprentices and Trainees for over 40 years.

Throughout your apprenticeship, you will be employed by CCGT and will work day-to-day with our host employer in order to receive your on-the-job training in the industry.

We are dedicated to offering continuous mentoring and support to help you achieve your career goals and unleash your true potential.

ABOUT THE HOST EMPLOYER:

Our Host Employer is professional, local business that specialises in shoeing horses, retailing horse shoes & working closely alongside veterinarians to provide the highest standard of shoeing in the equine sector. They look after some very well-renowned famous horses and travel around the world doing so.

They are now looking for an outgoing, animal loving individual to join their busy team!

DESIRED QUALITIES:

- Excellent communication skills
- Ability to work in a fast-paced environment
- A passion for working with animals with the ability to remain patient & respectful towards the horses
- Ability to work with and handle large animals
- have an outgoing and bubbly personality whilst being able to remain professional

KEY ROLES AND RESPONSIBILITIES:

- Providing exceptional customer service using high attention to detail
- Working within the warehouse & store, distribution of goods & making horseshoes
- Horseshoe fitting, learn to measure, shape & fit the shoes to ensure the comfort & well-being of the horse
- Working alongside veterinarians
- Opportunity to attend trade shows
- Checking horses legs & hooves for abnormalities
- Learning about the anatomy of the horse
- Maintaining tools & equipment

Working full-time Monday-Friday, 8:00am to 4:00pm.

As part of this Apprenticeship, you will be PAID to study a Certificate IV in Farriery through OFF THE JOB Training over a period of 48 months.

For more information about this position, please contact Central Coast Group Training.

1st Year Bricklayer

Looking to start your career in the brick & blocklaying trade?

As a 1st year Bricklaying Apprentice, you will have the exciting opportunity to work alongside experienced professionals in the industry learning the skills of the trade.

ABOUT CCGT:

The Coast's leading employer of Apprentices and Trainees for over 40 years.

Throughout your apprenticeship, you will be employed by CCGT and will work day-to-day with our host employer in order to receive your on-the-job training in the industry.

We are dedicated to offering continuous mentoring and support to help you achieve your career goals and unleash your true potential.

ABOUT THE HOST EMPLOYER:

Our Host Employer has been operating for the past 4 years running a small dedicated team that prides itself on dedication, reliability, and honesty. They're now looking for a hardworking new Apprentice with a strong work ethic to join their busy team!

DESIRED QUALITIES:

- Current driver's license & own vehicle
- Hold a current WHS white card
- Strong work ethic and a willingness to learn
- Excellent teamwork and communication skills
- The ability to perform manual labor in various weather conditions

KEY ROLES AND RESPONSIBILITIES:

- Assist experienced bricklayers in all aspects of bricklaying projects
- Maintain and clean tools, equipment & the work site regularly
- Learn & apply the use of hand & power tools
- Loading bricks and getting them where they need to be to ensure productivity & efficiency
- Follow safety guidelines and protocols on construction sites
- Learn and apply proper techniques for cutting and shaping bricks
- Work collaboratively with the team to ensure efficient project completion

Work for this role is Central Coast and Newcastle-based!

Working Monday to Friday, 7.00 am to 3.00 pm, with the potential for overtime and weekend work.

As part of this Apprenticeship, you will be PAID to study a Certificate III in Brick/Blocklaying through OFF the Job Training over a period of 48 months.

For more information about this position, please contact Central Coast Group Training.

AFL Traineeship

Young Leader – Hunter/Central Coast

AFL NSW/ACT - Hunter/Central Coast

ABOUT THE ROLE

- Work on-site with AFL NSW/ACT – Hunter/Central Coast
- Supportive team environment
- Fully funded qualification: Certificate III in Business
- Support from a dedicated AFL SportsReady Field Officer to help you achieve your goals
- If you are Aboriginal and/or Torres Strait Islander, you will also receive one-on-one mentoring support and networking

Working in the local Hunter/Central Coast region, this role will provide a key support to two important AFL departments...

Participation – to plan and deliver growth outcomes across all key strategic areas. Primarily, the role will continue to develop the game of Australian Rules through the implementation and execution of AFL programs to gain maximum participation levels in AFL Auskick, Schools and Alternate Formats programs.

Community Football – to provide a range of administrative support to the Community football team to enhance the smooth running of all operational elements.

The traineeship will commence in January 2024 and you will work full-time (38 hours per week) for the duration of the school year whilst completing the qualification to compliment the on the job learning.

For more information, visit [Young Leader - Hunter/Central Coast – AFL Sportsready](#)

Southern Cross Uni - Gold Coast Campus Tour

22 November

Let's show you around campus. We invite you to join us for a campus tour on the first Thursday of each month at 2pm and 4pm local time at our Gold Coast, Lismore or Coffs Harbour campuses. Experience for yourself our world-class facilities. Our study experts will also be on hand to walk you through our free, simple application process.

<https://www.scu.edu.au/experience/come-visit/campus-tours/>

University of Canberra - Who Said That? Collaborative Writing Workshop with Oz Hardwick

28 November

We live in an era of sensory overload and short attention spans, in which it can be hard to find time to pause, think, and write. Rather than attempting to stem this tide, this workshop will instead use a disparate array of visual stimuli – both images and texts – to explore how fragments and brief encounters can not only draw out our individual creativity, but also give rise to stimulating and surprising collaborative work in voices which may not be our own. As well as leaving with a pocket full of seeds from which to grow our own poems, we'll also write something together which will be bigger than all of us.

Suitable for all: just bring pens, paper, and an open mind.

<https://www.canberra.edu.au/events/Home/Event/462461>

C.A.S. Hawker Scholarship

Opens 4 December

The scholarship normally covers the full cost of residential fees for a period of up to three years. The average figure is \$60,000 over three years.

Selection is based on personal qualities as well as academic ability. Successful applicants are capable of demonstrating their potential as a future leader and the contribution they have made to their school and wider community. Preference is given to applicants aspiring to a career in public affairs, politics and / or community service. Students from regional areas are encouraged to apply.

<http://www.hawkersscholarship.org/>

CQ Online Chat Session

22 November

We see you planning your next study move, and we know there's a lot to consider, so we're here to help. Whether you are considering starting a TAFE or university qualification at CQUniversity, our team are here to answer your questions.

Join our Online Chat Session on Wednesday, 22 November, and chat with our staff about your course of interest, student support services, or anything else you'd like to know about studying with CQUniversity.

All you need to do is head over to our CQUniversity Facebook page and send us a message during the session and you'll receive real-time answers to all your questions.

Become a Bond Student for a Semester

Applications Close 8 December

Go behind the scenes of the university experience before you make that all-important decision with our Student for a Semester program. While there's a whole host of great ways to explore your uni options while you're still in high school, nothing beats living it – attending classes, connecting with your peers, and completing real assessments and exams.

The Student for a Semester program gives high-achieving students enrolled in Year 11 or 12 at an Australian High School, the opportunity to gain an authentic university experience before finishing high school. You'll enrol in a Bond University subject and study in-person at our Gold Coast campus alongside university students. The Student for a Semester program will not only leave you with newfound knowledge about study and life at Bond, but you'll also gain a deeper understanding of the university experience, and a potential credit towards your future university degree at Bond.

Ready to become a Bondy with Student for a Semester? Keep on reading to learn more about this incredible experience, and to hear from students who've been right where you are.

<https://bond.edu.au/study/experience-bond-for-yourself/high-school-student-experiences/student-for-a-semester>

Start at TAFE and finish at University with a Degree - TAFE NSW Credit Transfer

Check credittransfer.tafensw.edu.au when helping your students to see how many Credit Points a TAFE NSW qualification can give them for a degree with an Australian University. With around 3,000 pathways available.

Women in Construction

Think the Building and Construction Industry is not for women? Think again.

Want information about how you can start a career in the industry? You've come to the right place.

Master Builders NSW is committed to an industry that is diverse, equitable and inclusive.

In 2022, we have record numbers of female apprentices in our programs. Of all MBA NSW carpentry apprentices 8% are female. This is more than double the industry NSW average of 2%.

We are excited to deliver Pre-Apprenticeship Programs to recruit, train and support more women in building and construction than ever before. Our programs are suitable for those finishing high school, changing careers, or looking to re-enter the workforce.

Gain an understanding of the building and construction industry and a carpentry trade prior to commencing an apprenticeship.

TAFE NSW –Apprenticeships & Traineeships

Here is a great quick summary all about apprenticeships, traineeships, school based apprenticeships and pre-apprenticeship courses. It covers how long they take and who can apply for these opportunities. From Barangaroo to the Light Rail project, from WestConnex to new residential builds, New South Wales is a state in construction. We need apprentices. We need to build a strong pipeline of skilled tradespeople. The NSW Government recognises this and has now made it even easier for you to become (or employ) an apprentice. They're investing over \$285 million to fund the qualification fees for 100,000 new apprentices. So what are you waiting for? Become an apprentice today.

<https://www.tafensw.edu.au/study/types-courses/apprenticeships-traineeships>

Tocal Courses in Bees

All across the world, people are realising the role bees play in getting food onto our tables. Australia is the 4th biggest exporter of honey in the world, and a growing fascination with bees among the wider community has made beekeeping an increasingly popular hobby. Tocal has industry-standard publications for beekeepers, and industry-led practical training to take that knowledge into the field.

Our AHC31818 Certificate III in Beekeeping has reopened for expressions of interest with face-to-face training being conducted at the Tamworth Agricultural Institute. Please see the link in our menu to apply. Short courses will be held at various locations around the state, to inquire about a short course in your area please contact beekeeping@dpi.nsw.gov.au

<https://www.tocal.nsw.edu.au/courses/bees>

Tocal Short Courses

Tocal's skills training offers courses delivered in varying modes from fully online, to fully face-to-face. Funding may be available for eligible participants. All trainers are current, experienced industry professionals.

<https://www.tocal.nsw.edu.au/courses/short-courses>

How do I Become a Bricklaying Apprentice?

If you are interested in learning how to become a bricklayer in Australia then we recommend following these steps:

1. Find an Employer: ABBTF will help place you with an employer who is willing to take on an apprentice.
2. Choose a Training Provider: your on-site training will be provided by a TAFE or a RTO.
3. Stay Focused: You'll spend the next 3-4 years training as an apprentice with your employer.

When you complete your apprenticeship you'll be a qualified Bricklayer/Blocklayer.

<https://www.becomeabricklayer.com.au/how-do-i-become-a-bricklaying-apprentice/>

Private Colleges

Sydney Flight School February Intake

Apply Now for 5 February 2024 Intake

Year 12 Students interested in becoming a pilot? Double Diploma & Commercial Pilot licence AVI50222 Diploma of Aviation (Commercial Pilots Licence - Aeroplane) & AVI50519 Diploma of Aviation (Multi Engine Instrument Rating).

The Commercial Pilot Licence (CPL) is the minimum requirement to earn a living as a pilot in Australia. You'll start your training learning the fundamentals of flight in single engine aeroplanes such as the Piper Warrior, before progressing towards larger and more complex aircraft culminating in your CPL flight test being performed in the legendary Cessna 182T Skylane. We'll arm you with all the non-technical and technical skills required to work in the industry as a professional pilot. No previous knowledge is required!

AIE Open Day

18 November

Discover the courses designed to get you started in game development, 3D animation, film and visual effects at the AIE Open Day on Sat 18 November 2023. This event will be held at AIE Campuses in Sydney, Melbourne, Canberra and Adelaide from 10am to 3pm.

AIE's Open Day is a great opportunity to meet our teachers, staff and students. The day will cover everything you need to know about the:

- careers in games and VFX that we train students for;
- studios and industries that we work with;
- courses we offer - from beginners to professional mastery, and;
- the software, skills and knowledge we teach.

AIE's Open Day will also include presentations on entry requirements and how to apply. Find out how AIE can get you into a creative career.

https://aie.edu.au/aie_event/open-day/

AIE Film Production Workshop

18th November - Canberra

Learn what it takes to plan and produce a film shoot in this intensive film production workshop. You will get hands-on with cameras, lighting, and the latest in virtual production LED screens. Industry-experienced filmmakers will guide you in taking your script through the various production stages.

In this workshop, we will fast-track the film production process by choosing one scene and taking it through the pipeline from idea to finished shots. As part of this process, participants will be leveraging virtual production sets! This is an exclusive opportunity to learn more about this revolutionary technology which is empowering filmmakers. This workshop is suited to participants that are interested in learning more about film, working in film crews and developing their own short films.

https://aie.edu.au/aie_event/film-production-workshop/

AFTRS Introduction to Screenwriting Short Course

Enrolment closes 27 November

Course Dates 4-20 December

Get a detailed introduction to the craft of screenwriting in this 100% online course. You will learn hands-on methods for building the foundations of character, story and structure used by professional screenwriters, from a wide range of films.

<https://www.aftrs.edu.au/short-course/intro-to-screenwriting/>

NIDA Drama School - Years 7-10

8-12 January

A comprehensive course for committed young people. Develop performance skills including improvisation, voice and movement, devising, acting and rehearsing scenes.

<https://www.open.nida.edu.au/course/OHNSD710>

NIDA Auditions and Screen Tests, Years 7-10

11-13 December

Become confident in how to present yourself to a theatre or screen director, practice auditions for theatre, film and TV. Participate in a 'mock audition', receive constructive feedback on your audition preparation and technique.

<https://www.open.nida.edu.au/course/OHAST710>

NIDA Acting Boot Camp, Years 11-12

14-15 December

A fast-paced intensive course for acting recruits: build skills in improvisation, character and scenework.

<https://www.open.nida.edu.au/course/OHAB1112>

NIDA Writers Bootcamp, Years 7-10

16-17 December

Identify and develop the essential skills required to write a short script. Be introduced to fundamental story principles through the practice of writing scenes and create a synopsis for a short stage play. No experience required, just a love of the written word and a desire to see those words come to life on stage!

<https://www.open.nida.edu.au/course/OHWBC710>

General

University of Canberra - Who Said That? Collaborative Writing Workshop with Oz Hardwick

28 November

We live in an era of sensory overload and short attention spans, in which it can be hard to find time to pause, think, and write. Rather than attempting to stem this tide, this workshop will instead use a disparate array of visual stimuli – both images and texts – to explore how fragments and brief encounters can not only draw out our individual creativity, but also give rise to stimulating and surprising collaborative work in voices which may not be our own. As well as leaving with a pocket full of seeds from which to grow our own poems, we'll also write something together which will be bigger than all of us.

Suitable for all: just bring pens, paper, and an open mind.

<https://www.canberra.edu.au/events/Home/Event/462461>

Scholarships and financial assistance

There are plenty of costs associated with tertiary study: course fees, books and computer equipment are just a few. If you have additional expenses (such as rent if you need to live away from home), you may be wondering how you will manage on a limited student income.

<https://www.gooduniversitiesguide.com.au/study-information/funding-your-education/scholarships-and-financial-assistance>

A Start in Life

The program is to assist young Australians in necessitous circumstances, and to overcome the barriers to their education, enabling them to reach their potential. Our Student Support Team works in conjunction with parents/carers, students and educators to develop a tailored plan of support and set learning goals for each student, addressing the barriers they are facing to their education. This support can include:

- School essentials - e.g. books, uniforms
- Camps and excursions
- Extra-curricular activities
- IT equipment
- Tuition
- Tools of trade and work placement assistance for tertiary students

CSIRO Undergraduate Traineeships

Bring to life what you're learning in your degree in a real world environment and rub shoulders with some of the greatest scientific minds that our country has to offer!

Undergraduate traineeships provide an opportunity for undergraduate students to immerse themselves in an innovative environment to gain valuable skills and experience that you won't find anywhere else. Students must be required to complete a placement as a compulsory or elective component of their undergraduate tertiary study which may include Honours project supervision.

Traineeship placements are usually for 3-12 months and are available across a range of research and non-research functions. The number of placement opportunities varies each year and is based on projects on offer at the time of inquiry.

<https://www.csiro.au/en/careers/scholarships-student-opportunities/undergraduate-studentships/industrial-traineeships>

Meet the Scientists ANSTO

From fusion to climate change. A topic for every budding scientist is available!

Choose from our list of research topics and let your students lead a 30 minute Q&A session with our ANSTO experts. Dial-in from school via Zoom for this free videoconference with our scientists.

This **learning program** is designed to address:

- Science as a Human Endeavour and Science Inquiry Skills content descriptors for Years 5-10.
- Skill outcomes for Year 11 and 12 science subjects.

Our staff are experienced science communicators and can discuss ANSTO's research with primary or secondary classes at an appropriate level of detail.

Please ensure your students do some pre-reading about the research topic and come prepared with questions to ask during the session. We also ask that teachers send us a copy of the student questions the day before, so we can let the scientists know what to expect.

Teachers must be present during the session with their students.

<https://www.ansto.gov.au/education/secondary/videoconferences/meet-an-expert>

Connect with ANSTO's Women in STEM

ANSTO is committed to supporting the next generation of women in STEM. We are offering a range of opportunities for our female STEM leaders to connect with students from across Australia.

ANSTO's STEM professionals are available to connect and inspire your students.

Choose from a wide listing of successful women in STEM.

<https://www.ansto.gov.au/education/resources/connect-anstos-women-stem>

Post School Disability Employment and the NDIS - Are you a Year 12 student or leaving school?

School leaver employment supports are NDIS supports available to students leaving secondary school.

These supports give you the skills and confidence to help you move from school to employment. They offer individualised supports for up to 2 years after finishing school to help you get ready for work and plan your pathway to employment. They are also tailored to meet your individual employment goals and may include:

- work experience in open employment
- job skills training
- travel training.

What to Wear to an Interview

Wondering what to wear to an interview? You're not alone. Figuring out your best 'hire-me' outfit is a pre-interview dilemma that stumps even the most fashion-forward amongst us. Beyond looking professional and polished, you need an interview outfit that's a balance between being 'you' and a respectful nod to the company culture.

Five Pioneering Skills You'll Need By 2025

The world is evolving, and so too are the competencies required to work and thrive in it. According to the World Economic Forum's 2020 'The Future of Jobs Report', businesses expect 44 percent of the skills that employees need to perform effectively in their roles to change by 2025.¹

There's no doubt that the Fourth Industrial Revolution (4IR) is central to this major shift in sought-after skills. Alongside several other key megatrends, the rapid rise of innovations like artificial intelligence (AI), robotics, 3D printing, the Internet of Things (IoT), and cloud computing is driving widespread change in the workplace. And in many ways, the COVID-19 pandemic has only accelerated this transformation.² In a matter of years, certain jobs may cease to exist, many roles will be redefined, and several new occupations will surface and become the norm. The question is: are you developing a skill set aligned with the trends of the emerging workforce and the jobs of the future?
