We hope you enjoy reading some news from our ex Students...

Towards the end of 2017, two school reunions were held...

Leavers from the class of 1997 gathered together in November at the College to have a tour of the facilities and afternoon tea. From there they continued on to a restaurant to have dinner and catch up.

This was the first HSC class to go through at the College and the students in this class were also the first to go through our school from Kindergarten to Year 12. So this was a milestone year for many reasons and we were so privileged to have them back to see the progress of the College since they left.

Also joining the ex students was Dr Stephen Fyson who taught at the College while these students were going through their High School years.

The class of 1999 also had a reunion, although not at the College. The photo opposite shows the gathering, with many old school friends catching up.

If you and your old school friends would like to hold a reunion at the College, please get in touch via email - see below for email address. We would love to hear from you also if you hold a reunion outside the College. Please send us some photos!!

Amazing results for our students from the 2017 HSC!

High ATAR results were obtained by our students, with the highest result being **99.4 for Jane Spragg**. Students can only attain a maximum ATAR of 99.9 for the HSC so Jane's result was amazing! She also gained a place on the NESA Merit List for being an "All-Rounder", meaning she gained Band 6 results for ten or more units of her subjects. Jane was, of course, our Dux for 2017 - congratulations to a very hard working student! Jane chose to study Pharmacy at Sydney University.

Ashley Steedman gained the outstanding result of 6th place out of over 31,000 students Statewide in the Standard English Course. Congratulations Ashley!

A number of results in the 90's were attained, including the second highest result of 98.8.

Congratulations to **Hannah Raeside** who was nominated and accepted for inclusion in ArtExpress 2018 for her major work in 2017 HSC Visual Arts. This is a great achievement and success for Hannah in her VA studies. It was no surprise when Hannah decided on a BA (Visual Arts) for her University study.
